

Perfect Piano Making

must always come before perfect piano playing.

The greatest musician in the world cannot do justice to himself upon a poor instrument. Paderewski himself could not get music out of a tin pan.

The Packard Piano has the indorsement not only of the average music loving man and woman, but also of artists and famous musicians.

It is well and correctly made.

DOWIE IN DANGER.

CHICAGO FAITH HEALER IS RESCUED BY POLICE.

WAS BESIEGED BY A MAD MOB

CONFINED ALL NIGHT IN HIS LECTURE HALL.

BOMBARDED WITH BAD EGGS

A NIGHT OF TERROR FOR THE HEALER'S FOLLOWERS.

Chicago, Nov 1.—"Dr." John Alexander Dowie was rescued from his Oak Park church, Marion and Lake streets, at 2:45 o'clock this morning by a sergeant and twenty policemen from the West Lake street station. He had been a prisoner in the building since 7:30 o'clock last night

Chief Kipley ordered his men out when word came at 1 a. m that the "Doctor" was kept a prisoner by a mob that defied the efforts of the Cicero police.

Fearing they would attack the place the city police were rushed to the suburb in a patrol wagon.

When the city police arrived "Dr." Dowie and nearly 400 of his followers emerged from the hall, led by the Zion Guards. "Dr." Dowie's meeting was one of the most tumultuous he has held.

His "Zion Guards" were pelted with eggs and stones, windows in the building were broken and one of his followers was severely beaten by the crowd. For hours Chief Vallens and twelve men of the Cicero police force struggled in vain to keep order. They drove the crowd away from the building a short distance, but could not scatter it. Two hundred men remained close by, declaring they would not go till Dowie appeared.

Five arrests were made during the riot. The trouble started at 7:30 o'clock when "Dr." Dowie entered the church. It continued without intermission all night, although after midnight the crowd contented itself with keeping up a passive siege.

At midnight the police scattered the crowd, but 200 men gathered close to the church, which was closely watched by scouts. This was kept up for hours. Once the crowd set fire to a load of hay. The blaze was extinguished by the fire department.

RUMOR OF TROOPSHIP'S LOSS.

London, Nov. 1.—In connection with the rumor of the loss of a British troopship, the name of the Peninsular and Oriental steamer Nubia has been mentioned, but the company has no knowledge of any disaster and they say they do not know whence the rumor originated.

The Nubia sailed from Southampton October 21 for the Cape of Good Hope, via St. Vincent, Cape DeVerde islands, which place she left on Monday.

The rumor seems to have originated in Berlin on Monday, but nothing is known of the mater here.

ATTORNEY CONNELLY HURT

MET WITH AN ACCIDENT WHILE STUMPING OHIO.

Attempted to Drive Across a Footwalk, Believing It Was a Bridge—Will be Laid Up.

Hon. John A. Connelly, the well-known Monroeville attorney, who has been spell-binding in Ohio for Hon. John R. McLean for a week or two, met with a serious accident at Harrod, Ohio, Monday evening and will be unable to fill the balance of his engagements in the Buckeye state. In speaking of the accident the Lima (Ohio) Times-Democrat says:

"Accompanied by the son of A. D. Miller, Mr. Connelly drove to Harrod Monday evening and addressed a magnificent meeting of democrats in the town hall. After the meeting he and Mr. Miller started immediately to return to this city. They had just passed the last street lamp leaving the village and were driving on a road from which they had to make an abrupt turn to the north, and it being extremely dark Mr. Connelly, who was driving, mistook a small foot bridge for the road leading northward and in another instant the buggy turned over into a ditch about six feet deep. Mr. Miller escaped uninjured, but Mr. Connelly was pinned down beneath the vehicle and was so badly injured that after Miller had lifted the buggy off him he was unable to get up. Assistance was summoned and he was taken back to the village and left in the care of Dr. Johnson, who states that no bones were broken, but that the injured man would be unable to be about for at least a few days. His back was badly wrenched and at first it was thought he had sustained internal injuries, but no serious symptoms were detected."

NOT ONE ISLAND.

DOES SPAIN NOW OWN IN THE PHILIPPINES.

A STARTLING CLAIM DENIED

NONE WERE OVERLOOKED IN THE TREATY.

AUTHORITATIVE STATEMENT

JAPAN MAY OWN THE ISLANDS REFERRED TO.

Washington, Nov. 1.—The positive statement is made here by authority that Spain does not retain possession of a single island in the Philippine archipelago.

This is called forth by the declaration in the Spanish cortes yesterday of the Count D'Almens that through ignorance the American peace commissioners had allowed three islands at the northern extremity of the archipelago to remain under Spanish control through their definition in the treaty of the boundary of the group

There is stated to be no doubt as to the sufficiency of the treaty clause to cede the entire archipelago.

It there has been a failure on this point that fact will not redound to Spain's benefit, for it is held officially that the islands north of the Philippine archipelago belong to Japan.

DEATH CLAIMS A PIONEER

HIRAM PARENT SUCCUMBS TO INFIRMITIES.

Was an Octogenarian and Came to Allen County in 1841—Other Mortuary Matters.

Hiram Parent, a venerable citizen who has been a resident of Allen county since the early forties, died this morning at the home of his son, William Parent, 431 East Washington street. He has been ill about seven weeks, and death was due to the infirmities of age. Last Friday Mr. Parent observed his eightieth birthday anniversary. The greater part of his life was spent as a farmer, and he at one time owned a farm in Milan township, living also for a number of years in the vicinity of New Haven. His wife has been dead a number of years, and four or five years ago Mr. Parent came to this city to make his home with his son, William Parent. Other children surviving him are Mrs. Mary Steele, Mrs. Emma Baer, Mrs. Fred Garver, and Mrs. Ada Boisenet, all of this city.

The funeral arrangements have not been completed.

HARRISON.

Michael Harrison died at St. Joseph hospital at 2 o'clock this morning after an extended illness from consumption. Mr. Harrison was 38 years of age, unmarried, and made his home with his sister, Mrs. M. M. Mintch, at 19 Baker street. His father, Michael Harrison, sr., resides at New Haven. Besides Mrs. Mintch another sister, Mrs. F. L. Crall, resides in this city. The funeral services will be held Thursday afternoon from the residence of Mrs. Mintch, 19 Baker street, at 2 o'clock, and will be private. The interment will be at New Haven.

EDSELL.

Samuel Edsell, infant son of Mr. and Mrs. Frank Edsell, died last night at the family home in Gar Creek, from bronchitis. The little one was six months old. The remains will be brought to the residence of the babe's grandmother, Mrs. Elizabeth Velker, 173 West Jefferson street, from which place the funeral services will be held Thursday afternoon at 2 o'clock.

FUNERAL ANNOUNCEMENT.

Engle.—Funeral services of Mrs. Rosina Engle will be held Friday afternoon at 1:30 from the residence, 179 West DeWald street, and at 2 o'clock from Bethel Evangelical church.

MR. HOBART BETTER.

New York, Nov. 1.—Vice President Garrett A. Hobart spent the most restful night that he has experienced in the past two weeks. At 7:30 o'clock this morning he was still asleep. He fell asleep last night under the influence of opiates and did not awaken during the night. Dr. Newton, who has been attending him regularly, slept in the Hobart house last night so that in event of another relapse such as the vice president suffered early yesterday morning and the morning before he might be at hand to render assistance. The following bulletin was issued at 1:10 this afternoon: "Since the last bulletin at 9 o'clock the vice president has rested very well and taken considerable interest in current affairs. There is no change in his conditions except that he is a little weaker."

CAME FROM GERMANY.

On Monday seventeen young ladies arrived in this city from Germany in charge of a sister of the order of Poor Handmaids of Christ, and have entered the mother house of that order. These young ladies are postulants of the order, who took the initial step of entering the order in Germany, and have come to America, where after the customary probationary period they will receive the veil of the sisterhood in this city. Here they are educated as teachers and nurses, and the field for their labors is much greater in America than in Germany. None of the young ladies are now able to speak English, and the requirement of our language will be a part of the work before them.

LOCAL NEWS.

The young people of the Grace Reformed church, and their friends, are invited to attend a meeting to be held Thursday evening at the parsonage, 96 East Washington street.

Mrs. McCalla, aged 83 years, slipped and fell on the walk in front of her home this morning. She sustained severe bruises and suffered greatly from shock. No bones were broken.

The party which was to have been given this evening at the home of Mr. and Mrs. Thomas Brockerman has been postponed until further notice, owing to the serious illness of Mrs. Brockerman.

The Society of Jewish Culture will hold its first meeting of the year in the vestry room of the Jewish temple this evening at 7:30. Rabbi Cohn will speak from the subject "The French Revolution and the Jews."

The young ladies of the B. E. S. club entertained their young gentlemen friends at the home of Miss Della Rossell, Tuesday evening, at a Hallowe'en party. The party was held in the attic, which was appropriately decorated for the occasion.

A young woman in London has for some years carried on the business of index making. During that period she has trained in her office forty women index makers, and she has indexed 485 volumes of history and numerous papers and periodicals.

The St. Louis Organ company which secured the contract to put in a new organ in the St. John's Reformed church have been unable to put in the organ by the time stated in the contract, October 1. The reasons for the delay are not known, but the company say they can have it installed by Thanksgining day. The trustees of the church have not decided whether or not they will annul the contract with this company.

A. Hirsch & Co., overall manufacturers, have leased the building at the corner of Montgomery and Calhoun strets, formerly occupied by the B. W. Skelton company, which will be occupied by them as a factory. Their present quarters at the corner of Washington and Calhoun streets have become too small for their increasing business and the new building will give greatly increased space. The new premises will be occupied about November 15.

A STOCK COMPANY

FORMED TO SELL ROAD-MAKING MACHINERY.

NEW FORT WAYNE CONCERN

KNOWN AS THE ROAD-MAKERS' SUPPLY COMPANY.

AMPLE CAPITAL INVESTED

BUSINESS MEN OF MEANS BEHIND IT.

Fort Wayne's business circles are soon to be augmented by the addition of a new corporation, which will open its offices in this city. This is the Roadmakers' Supply company an organization of business men of prominence in this city and with ample capital to carry on a business of great magnitude.

The company is to be incorporated with a capital stock of $10,000 and every dollar of it is now subscribed Within a day or two the articles of incorporation will be filed and a suite of down-town offices will be fitted up.

The company is to deal exclusively in road-making tools, handling the product of both the Fleming Manufacturing company and the Indiana Machine works, of this city, as well as other road machinery not manufactured here. Among those interested in the new concern are Messrs. Charles Pape, E. F. Yarnelle, W. E. Mossman, J. C. Peters, A. E. Hoffman and J. M. Landenberger. While a number of the stockholders are owners of the two concerns making road machinery in Fort Wayne, the new movement is in no sense a consolidation or a trust. It is entirely separate from each, and will enter the business field as dealers and not manufactures.

No change is contemplated at either of the factories. The officers of the company have not yet ben definitely selected, but it is believed that E. F. Yarnelle will be president, W. E. Mossman vice president and J. M. Landenberger secretary and general manager. A suite of offices in the Bank block is under consideration, and this too will be decided at an early date. The organization of such a company has been in contemplation for some time, but it is only recently that the plans were brought to completion.

The new organization will have many advantages over a company which merely manufactures certain special machinery, for it will handle every tool used in the making of roads, and a broad field is open before it. Those familiar with the situation are confident a magnificent business can be built up along these lines. With this end in view the new company will devote ample capital, tireless energy and the splendid business ability of its promoters to building up a trade that shall cover a large circle of territory.

LAUGHING GAS.

The Truthful Songster.

"The sun was setting in the west
Just at the close of day."
So runs the song; no doubt it's true,
Because nobody ever knew
The orb to let
Itself get set
In any other way.

"The stars were shining overhead,
And night her sable wings had spread,"
According to the song
Why should we doubt the singer, say?
For isn't that, in fact, the way
They do it night along?

"The gentle breezes softly blow;
The autumn day was fair."
Ah, well, indeed, the singer knew,
For on such days what else is there
The gentle breeze can do?

Woman, as Usual.

"Well, I guess it is true that women are at the bottom of about all the trouble that comes to this vale of tears," remarked Farmer Sassafras to his wife.

"Oh, now don't be too hard on the women!" replied Mrs. Sassafras.

"Well, it's a fact! Look at the trouble in South Africa now."

"Have the women anything to do with that?"

"Well, I heard one of the boarders tellin another that the real trouble was on account of Susie Ranity."—Pittsburg Chronicle-Telegraph.

A large company of young people celebrated Hallowe'en at the home of Miss Ethel Taylor Tuesday evening. They played Hallowe'en games and indulged in a marshmallow bake. The rooms were wierdly illuminated with Jack-o'-lanterns. After the supper was served the fortune cake was cut, each piece containing something which foretold the future of the holder.

A large party of friends of Miss Edith Yarnelle were entertained at her home Tuesday evening at a characteristically Hallowe'en entertainment. The young ladies of the party were arrayed in ghostly attire and the gentlemen selected a partner for a game of pedro from a line of white forms. The card party took place in the McDonald home, after which the party returned to the home of Miss Yarnelle, where a palmist foretold events in the lives of all present. Cakes were served in which charms of different kinds had been concealed.

The quail law in Indiana opens on the 10th of November and not on the 1st, as some people understand it. The 10th comes on Friday and for that reason it is supposed that many of the ardent hunters will postpone their first shoot until the next day, for as a rule hunters are rather superstitious. The punishment for killing birds out of season is very severe, as it is also for selling them, whether killed in or out of season. The local sports are already cleaning up their guns and loading shells. Game is reported as unusually plentiful this year.

Miss Hanker will give a reception Tuesday evening.

Mrs. Atkins, of New York City, is visiting friends in the city for a few days.

Denn's McCarthy, jr., has returned from a three weeks' visit with friends at Cleveland, Ohio.

Miss Katie Scantling, of Columbia City, is in the city visiting her brother, William Scantling.

The Woman's Relief Corps will give a social and dance Friday evening November 3, in their hall in the Elektron building on East Berry street.

The ladies of the West Jefferson street Church of Christ will be entertained at the church tomorrow afternoon by Mesdames Bender and Robertson.

The members of the Allen County Medical association held their regular meeting Tuesday evening. The different papers which were read were excellent and very instructive.

The committee on women's workroom will meet at the rooms, 144 Pritchard street, tomorrow morning at 10 o'clock. It is desired that every member of the committee be present.

Friday evening a crowd of merrymakers from west of the city invaded the home of Mr. and Mrs. Fred Greek, of Heustis avenue, and a general good time was enjoyed by all. Ice cream and cake were served at the close of the pleasurable program.

BROKE AN ARM.

Mrs. Jacob Brendell, of Lake township, was the victim of a painful accident Tuesday afternoon. Mrs. Brendell was standing on a chair at her home blacking a stovepipe when she lost her balance and fell, breaking her right arm. She was brought to the residence of her daughter, Mrs. Frank J. Murphy, 14 St. Marys avenue, to receive surgical treatment.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

Hundreds of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures croup, heals burns, cuts, wounds of every sort.

REV. LIGHT'S LECTURE.

"Three-Thirds of a Man" was the unique title of the lecture given at Simpson church last evening by Rev. Somerville Light, of Bluffton, and his audience listened to an effort that was uplifting in its sentiment, pleasing in its presentation and thoroughly helpful. The speaker defined man as composed of three parts—body, mind and soul, and only the full development of these attributes make the perfect man. No part can be sacrificed or its development neglected if the ideal is to be approached, and the speaker dwelt particularly upon the importance of the soul, the most vital of the trio. It is spirituality which widens and ripens the other two and makes beautiful all that physical strength and intelligence can bring. Rev. Light saw in the future a more general recognition of this fact, and consequently a higher plane of human endeavor and human attainment.

Eczema!
The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patent medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific

S.S.S. For The Blood

is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no potash, mercury or other mineral.

THE FIRST CHURCH

BAPTISTS WERE PIONEERS IN INDIANA.

EARLY DIFFICULTIES MET

OBSTACLES WHICH FOUNDERS HAD TO OVERCOME.

BLUE LAWS WERE ENFORCED

MEMBERS WERE SUSPENDED FOR TELLING LIES.

Anderson, Ind., Nov. 1.—Indiana Baptists during the coming week will celebrate the completion of 100 years' organized effort in "Indiana territory"—which, when the work was begun, included not only the present state of Indiana, but also those of Illinois, Wisconsin and Michigan. Their first congregation, which was planted when the men who put the logs together for the first church, had to have their rifles with them for emergency, is still in existence, though it has narrowed down to two people. It was their first church west of the present state of Ohio and also the first protestant congregation in all of the western country. It is a coincidence that in Indiana also was organized the first Catholic congregation northwest of the Ohio, and it, too, is still in existence. It antedates the Protestant churches by ninety-six years. That congregation is St. Xavier's at Vincennes, which was established in the spring of 1702.

The first Protestant chruch was established by the old Salem Baptists' Associationof Kentucky on November 2, 1798, and was located on Fourteen-Mile creek, now near the old town of Charleston, in Clark county, across the Falls of the Ohio from the present city of Louisville.

The first organization included a membership of but four—John and Sophia Fislar and John and Catherine Pettit, settlers along Fourteen-Mile creek. Until 1804 the church was transitory to the extent that it moved from house to house. In 1801 the first "meetinghouse" in Indiana territory was erected by the congregation. It became known as the Charleston Baptist church. It was a rude structure of logs, and it is claimed that part of the members had to stand guard against Indian invasion while the others put the logs in place, and it is known that members carried their guns with them when they went to church. That they had good reason is attested by Indiana pioneer history. The Pigeon Roost massacre, which occurred some years later, was only a few miles from this old church.

CHURCH AN OLD SITE.

The present church stands on the site of the original building. It is an old structure of brick and is known as the "Silver Lick meeting house." It was erected in 1823 to take the place of the log concern, which had become too small. For years it was the greatest meeting place in all of that section of the state, but it slowly disintegrated until the congregation is now not only the oldest but also the smallest in Indiana. It at present consists of two communicants—Leander C. Mcmick and "Aunt Betty" Brown, both of whom are very old. They hold the old records of the church, which date from the very first meeting and are in many sections of unusual interest as giving an insight to the narrowness of church requirements and the very limited resources of the people. The old records are among the most interesting bits of Indiana pioneer history, and give a mirrorage of the pioneer church days in Indiana—days when the Puritan laws, little modified, were in force; days when men made privations to serve the Lord and when salary was unthought of. As an example, a record of March 13, 1802, is given "The church agrees to pay the ferrage of any minister who desires to cross the river (the Ohio) to visit the church." An entry of October 22, 1814, says: "Agreed that on next Sunday the male members of the congregation meet to repair the meeting house and furnish firewood." In 1816 Brother Jonathan Stark ministered to the church for the consideration of a "great coat." These are the only entries showing any compensation for the ministers. It was understood that all they expected was their meals and a place to sleep. One of these old ministers was greatly shocked some time ago, when attending a conference, he heard ministers fighting over salaries. He arose and said that in his day they preached without compensation and "to beat hell."

BLUE LAWS PREVAILED.

The discipline of the church was little less than the old Puritan blue laws. James Abbett was excluded for falsehood in 1802 and a year later John Pettit, after being "laboured with in private," was expelled for the same reason, while another was let go for "breach of covenant." In 1807 gambling seems to have made its appearance in the congregation and a brother was "admonished," while there are many records of absentees from service being "counciled and admonished." The church also seems to have taken upon itself the powers of state to a great extent. From the records it seems that every member considered it an inalienable and moral right to supervise the doings of brothers and sisters.

Members were hauled over the coals for indulging in little "peccadilloes," such as becoming excited and striking some one who had insulted them. Apologies were demanded by the church. Lawsuits were also handled and the church settled in a dictatorial manner many things of a legal nature. One brother was thrown out of the church for betting $1 at a shooting match another for being a judge at a shooting match, another for becoming drunk, and still another for treating slaves ill. In 1816 one was expelled because he identified himself with a lottery scheme. Another brother was suspended for fraud in trading a gun and was fired bodily for second similar offense. Another brother was excluded for killing a shoat belonging to a sow which he could not prove ownership to, and several were thrown out of the religious harness for whistling on Sunday. Under this regime the church prospered and the foundation was laid for the present church in Indiana. It sent off congregations in all directions among the pioneers and put men out into the work.

OTHER DENOMINATIONS.

In this same locality, where the Baptists planted their seed, the Methodists and the Disciples of Christ (or "Christians") also formed their first organizatons in Indiana territory—the latter, however, not until after Illinois and Michigan and Wisconsin had been cut off and the present Indiana boundaries had been made the confines of a state. The Methodists erected their church in 1805 near that of the Baptists and the first Christian church was organized by a band of dissenters from the Baptists, who followed Alexander Campbell in his views. They withdrew in 1828 and formed their congregation. It came near killing the Baptist congregation, as a few over half went to the new church. For some time they held their meetings in the same building on alternate nights and Sundays, but the Christians later built a church.

All of these congregations have prospered in Indiana. The Methodists have gone to the front and have within the last year taken first place over the Catholics, with almost 200,000 communicants. The Catholics have about 175,000, the Christians come third with about 89,000 and the Baptists fourth with 54,000.

LAKE TOWNSHIP ITEMS.

Joseph Orr, who has been living upon his farm in this township for the last four or five years, will soon return to reside at Fort Wayne, his former home.

Miss Zella Wigent, teacher at No. 3, this township, will give a social the 2d of November for the purpose of raising money to purchase the Y. P. R. C. books.

Henry Rockhill will give an old-fashioned husking-bee at his home next Wednesday, Nov. 1. In the evening they will be well provided for in the way of amusement.

A very pleasant surprise party visited the home of Mr. and Mrs. Ed Happel last Wednesday evening for the purpose of reminding their daughter Rosa of her eighteenth birthday. A very enjoyable time was experienced by all.

David Felger, who is teaching No. 1, or what is commonly termed Randall school, will give a box social November 11 for the purpose of raising money to purchase the Y. P. R. C. books. All are cordially invited to be present.

The dedication of the new Catholic church at Arcola was a great affair for that church. A large crowd was present. About ten or twelve priests were present, as were quite a number of prominent Fort Wayne people. The new church, which is a fine one, was admired by all.

There was quite a wreck on the Pittsburg, Fort Wayne and Chicago railroad about a mile west of Arcola last Friday evening. No. 7, a mail train, westbound, ran into the rear of a freight which was standing on the siding, the result of which was that a number of cars were piled upon one another. Most of them were loaded with furniture and the loss was considerable.

MR. CHAPMAN IMPROVING.

Reports from the home of Solomon Chapman, in Perry township, states that Mr. Chapman is improving nicely from the severe injuries sustained in this city Saturday evening. Mr. Chapman was driving on Spy Run avenue and his buggy was struck by a street car, wrecking the carriage and throwing the driver to the ground. While his injuries are painful, he is now believed to be out of danger.

FROLIC REIGNED SUPREME

VERY GENERAL OBSERVANCE OF HALLOWE'EN.

Caledonians Celebrate in the Old-Time Way—Parties, Balls and Boyish Pranks.

Hallowe'en was duly celebrated by every one, Tuesday evening, and by no one more than the small boy. He did not care much for parties so that he got out with "de gang" and celebrated in the good old-fashioned way. He took off gates, borrowed chairs from porches where householders had been unwise enough to leave them, he ran away with wagons or buggies which had been left out and terrified nervous people by rolling stones along their porches or rigging "tick-tacks" on their windows. Nearly every member of the rising generation carried a gallon of beans or shelled corn upon his person and these he pelted against doors and windows or at people who happened to pass his way. In the west end, there was some damage done to property. Part of the fence surrounding the property owned by Charles McCulloch was taken away, and a large number of curb steps were upset and more or less damaged. A number of telegraph poles in different parts of the city were ornamented with assortments of articles in the shape of wheelbarrows, chairs, gates and other movable things. Several wagons and buggies were backed into the rivers and other pranks played, in every part of the city. In the early hours of the morning many irate householders could be seen cutting ropes with which their door handles had been tied to convenient posts, or cleaning up an assortment of ancient vegetables which had been deposited upon the premises. Many and varied were the pranks played and the police were notified many times to quell over-boisterous crowds of youngsters bent on celebrating to the best of their ability.

At dozens of homes in the city Hallowe'en gatherings were held, and old and young joined heartily in the varied frolics of the fstival. At a number of the churches Hallowe'en socials were held, and still other hundreds found enjoyment in the several balls given in different sections of the city. All in all, there was pleasure for every one who was inclined to join in the merry-making.

THE CALEDONIANS.

The members of the Caledonian society celebrated Hallowe'en in the good old-fashioned Scottish way. In the legends of Scotland, Hallowe'en is the night when all the witches, kelpies and other uncanny beings hold high carnival, and it is the night when the lassies repeat the old charms and incantations to foresee what the future has in store for them. The sons and daughters of Bonnie Scotland and their descendants were in attendance in large force and they played the old Scottish games, sang the old Scottish songs and danced the old Scottish dances. The musical program rendered was excellent, and numbers were given by Misses Lulu Kunkle and Margaret Baillie, Mr. McKay, Miss Bessie Zurbaugh, Mrs. Brown, Mrs. Gray, Miss Catharine Hamilton, George Gillie, Miss Nellie Lawson and C. A. Brown, A. Cockburn and William Lawson.

Addresess were made by President John W. White and Rev. J. S. Ainslie, and George McKenzie read an original poem. In drawing the forecasts, Miss Jennie Campbell drew the thimble. Mrs. Creighton drew the ring, and will live to celebrate her golden wedding. John Gillie drew the coin and Miss Deister drew the button. The lights were turned down and the witches entered and going through their weird ceremonies, foretold what the future had in store for those present. Then followed the games and dances and finally the Scotch supper, with all the Scottish dishes. The celebration continued until late and a most enjoyable time was spent. The entertainment was given by the ladies of the society.

WEDDED ON TUESDAY.

Samuel Ambruster and Miss Florence M. Gooding, both of Maumee township, were united in marriage Tuesday afternoon. H. F. France performed the ceremony.

SOME ACTIVITIES OF WOMANKIND.

BY ANNETTE CRAWFORD

"What will not woman, gentle woman, dare?"
—*Southey.*

The young women in California who are successfully filling occupations held exclusively by men in most communities are subjects of interest and discussion among the throngs of tourists who visit the Pacific coast for the winter season.

Among those who have taken up novel and unusual lines of work for women are Mrs. Olive Mason Strong, who runs a sawmill and shingle factory in the San Jacinto mountain district; Miss May Simpson, who is a deputy sheriff in San Francisco; Mrs. Mary A. Costa, who is a bank cashier at San Jose, and Miss Jennie Vincent, who is a pilot in the harbor of San Pedro.

Miss Vincent is probably the only woman steamboat pilot in the world and is a slight, blue eyed, fair haired little lady of 22 years. Some time ago she successfully passed the examination required by the board of pilot commissioners and received the usual certificate. She now pilots Pacific coast steamers into San Pedro and San Diego harbors and expects soon to have a position in the pilot service in San Francisco bay.

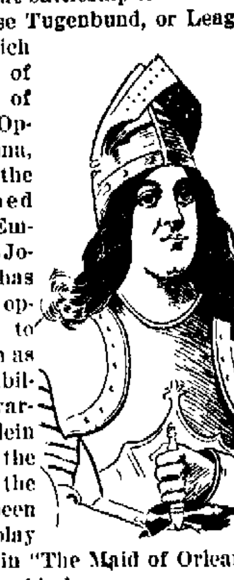

Pittsburg has the distinction of having the only woman in this country, if not in the world, who is at the head of a large steel and iron business. The woman who holds this unique position is Miss Y. R. Baumgarten.

Frau Cora von Bultzingslowen, one of the most distinguished of the delegates to the International Council of Women in London, has accomplished substantial reforms in the prison system of Germany, to which she devotes much attention.

The Pennsylvania W. C. T. U. celebrates its twenty-fifth anniversary this autumn. Among the most prominent members of the state union is Mrs. Rebecca Ballard-Chambers of Philadelphia. She is a native of Ohio and first entered reform work during the "crusade" in 1873, being herself an "original crusader," with her mother, who was secretary of the Canton Crusaders.

The Society of the American Women In London, which was formed not long ago, is already a great success and has a membership of over 100. It is founded somewhat on the lines of Sorosis of New York and is social, literary and educational in its character. Mrs. Hugh Reid Griffin is president of the society.

Miss Marion Cockrell, daughter of Senator Cockrell of Missouri, who is admired in many social circles from Washington to San Francisco for her unusual beauty and charming manner, has been invited to christen the Missouri when that battleship is launched.

The Viennese Tugenbund, or League of Purity, which is composed of chorus girls of the Imperial Opera of Vienna, has received the distinguished approval of Emperor Francis Joseph, who has ordered his opera director to promote them as fast as their abilities will warrant. Fraulein Reingruber, the president of the league, has been advanced to play the title role in "The Maid of Orleans" and is drawing big houses.

Mrs. Marion M. Cook is the press agent for the Lambardi Opera company. She is a clever woman, with an experience of five years in newspaper work.

Mrs. William Butler Duncan, Jr., a member of New York's fashionable society, is an expert yachtswoman, if the term is admissible. She was voted the bravest woman in the Newport colony because she defied the fierce storm and heavy sea and helped to sail the yacht Esperanna in its victorious race off Newport recently for the Morgan cup.

Among the veterans who attended that Grand Army encampment in Philadelphia was Mrs. Ellen E. Nash of Buffalo. She is fairly entitled to the distinction of being called a veteran and has a war record that few women can match. She enlisted with her husband in the One Hundredth regiment, New York volunteers, in 1861 as regimental nurse and served three years, sharing the hardships and privations of the regiment on the peninsula with the Army of the Potomac, being on the firing line in front of Yorktown, at Williamsburg, Seven Pines and Fair Oaks.

Mme. Loubet, wife of the president of the French republic, is described as a rather stout, gray haired woman, with a very motherly manner and a soft, gentle voice. She puts on no airs and is democratic and economical.

The largest collection of orchids in this country is owned by Mrs. George B. Wilson of Philadelphia, whose conservatories are the Mecca of horticulturists of two continents. Mrs. Wilson is now in Mexico directly overseeing the work of her agents there, who are searching for Mexican orchid wonders.

Mrs. Mary S. Knowles has taught the infant class in the St. Paul's Methodist Episcopal Sunday school at Delaware, O., continuously for 30 years.

In a recent letter on Canada in the London Times Miss Flora Shaw pointed out the great need for women homemakers in the newly settled districts, especially on the prairie-farms of the Canadian northwest. Following Miss Shaw's suggestion, it is proposed to establish in connection with experimental farms training schools or training homes for women colonists. The course of training would embrace dairy work, poultry raising, kitchen gardening, the art of cookery, laundry work, some instruction in the use of carpenters' tools, so necessary in a new country, and a course in first aid to the injured, so that the woman colonist would be qualified to treat gunshot wounds, lacerations, frostbites, burns, etc.

Senorita Mercedes Gensana, daughter of a rich Porto Rican, recently arrived in Grand Rapids as the bride of George Martin, an American soldier who had won her heart. Her husband now works in a furniture factory.

Dr. Julia Holmes Smith, recently elected dean of the National Medical college, Chicago, is the first woman to occupy this position in a coeducational medical school.

Miss Millie Eldridge, who rejoices in the honorary title of colonel and who is the officially adopted daughter of the Missouri department of the G. A. R., is a very pretty young woman of 20. Her home is in Springfield, Mo. Her father is Major J. T. Eldridge, a prominent veteran. She has also been adopted as a sister by the Missouri encampment of the Sons of Veterans and is a member of the Woman's Relief corps. She wears a colonel's uniform with the exception of the—well, she wears a skirt, and she carries a sword.

Living in a Tennessee mountain cabin has been discovered a young woman who is a natural poet and artist of rare ability. Through the influence of a Cincinnati woman she exhibited some of her work in the competition of the Chattanooga Art Students' league and won the first prize, although she had never taken a drawing lesson in her life.

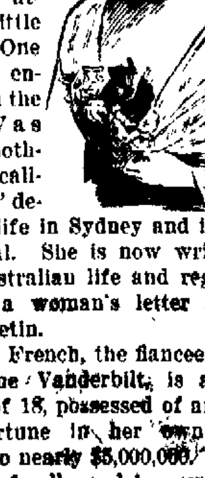

An 18-year-old California girl recently inherited $4,000,000.

Paris is just now raving over a new stage beauty, Mlle. Henriot.

Celeste Mogador, who as the Countess de Chabrillan was celebrated as the only woman of whom the Empress Eugenie was jealous, is living in poverty in Paris. The famous beauty which dazzled Napoleon faded long ago.

Mme. Yacco, known as the Japanese Ellen Terry, is passing through America on her way to the Paris exposition.

Mrs. Ballington Booth is again the topic of interest to women throughout America. The recent announcement that a millionaire woman of New York, a leader of the old Four Hundred, had resolved to donate all her money to the Volunteers and to devote the remainder of her life to the cause and that she had been persuaded to do so through the preaching of Mrs. Maude Ballington Booth calls attention again to this remarkable woman and the beautiful life of self sacrifice which she is leading.

Australia is just beginning to blossom out as a producer of literature. Already a clever young woman, Miss Louise Mack has written two charming books which have attracted no little attention. One of these is entitled "When the World Was Young." Another volume, called "Teens," describes girl life in Sydney and is typically colonial. She is now writing a story of Australian life and regularly contributes a woman's letter to the Sydney Bulletin.

Miss Elsie French, the fiancee of Alfred Gwynne Vanderbilt, is a very pretty girl of 18, possessed of an independent fortune in her own right amounting to nearly $5,000,000. She is of excellent family and in nowise objectionable as a match even for the principal heir of the enormous wealth of the Vanderbilts.

A very good substitute for macaroons: Two-thirds cup of butter, same quantity brown sugar, one cup rolled oats (raw), one cupful flour, one egg, one teaspoonful of baking powder. Mix butter and sugar and add flour, oats and egg. If too dry to roll easily, add one tablespoonful of cream. Boil very thin and bake in a hot oven.

ADVANCED IN RANK

G. L. POTTER AND D. F. CRAWFORD PROMOTED.

FORMER GOES TO PITTSBURG

TO BE GENERAL MOTIVE POWER SUPERINTENDENT.

MR. CRAWFORD REMAINS HERE

IN CHARGE OF MOTIVE POWER OF NORTHWEST SYSTEM.

The early morning mail today brought official notices of a number of changes in the roster of the Pennsylvania company. Those who are effected directly are:

George L. Potter, appointed general superintendent of motive power of the Pennsylvania lines west of Pittsburg, with office in Pittsburg.

D. F. Crawford, superintendent of motive power of the northwestern system, with office at Fort Wayne.

A. B. Starr, assistant general superintendent of transportation of northwestern and southwestern systems, with office in Pittsburg.

C. E. McKim, superintendent of telegraph, with office at Pittsburg.

A. M. Schoyer, superintendent of the eastern division of the Pittsburg, Fort Wayne and Chicago, with office at Allegheny.

L. G. Haas, superintendent of the Erie and Ashtabula division, with office at Lawrence Junction.

H. W. Beyers, superintendent of the Columbus, Akron and Cleveland division, with office at Akron.

Some of these promotions were a surprise to all but the men who are directly interested in them. There was talk of a change of this kind several months ago and it was believed that when it did occur, Mr. Potter would be one of the beneficiaries, but it was not believed at that time that Mr. Crawford would be his successor. Heretofore the superintendent of motive power came from the ranks of master mechanic, and the present promotion is a decided innovation to the rule. However, it falls upon a most competent man and one who enjoys the good will and high esteem of every one who knows him.

The welcome that the announcement of Mr. Potter's advancement will receive from the citizens of Fort Wayne is greatly mitigated by the knowledge that the duties of his new office will necessitate his removal from the city. Mr. and Mrs. Potter are extremely popular in social and other circles and their removal from this community will be regretted by all.

Mr. Potter came here in 1882 from Renovo, Pa., where he had served an apprenticeship in the shops of the Pennsylvania. For a short time he had charge of the car department and was then made assistant master mechanic under Mr. Casanave. He was a close student and made the most of his opportunities to acquire a knowledge that served to still further advance him, and shortly after entering the mechanical department Mr. Casanave was appointed superintendent of motive power, and Mr. Potter became master mechanic of the shops at Fort Wayne, having charge of about 1,200 men. In March, 1893, Mr. Casanave was made superintendent of motive power of the lines east of Pittsburg and Mr. Potter was advanced to the position he vacated this morning.

Mr. Crawford came to Fort Wayne from Altoona, Pa., and took the position of assistant foreman of the machine shop, which had been made vacant by the transfer of Charles W. Cross to Allegheny. About that time the company began establishing its own electric plants and Mr. Crawford was assigned to this department. In the early part of the year 1895 he went to the Westinghouse works and spent six months in the electrical department, remaining during that period on the pay rolls and in the employ of the Pennsylvania company. From that time on he had practically full control of the electrical department of the lines west of Pittsburg. In the meantime his title had been changed to assistant superintendent of motive power and he has been known as such ever since August, 1895.

James T. Leary, who has served as chief clerk to Mr. Potter ever since that gentleman became the head of the department on the northwestern system, will be Mr. Potter's chief clerk in his new position and will have to take up a residence in Pittsburg. Mr. and Mrs. Leary's many friends in this city, while rejoicing in their prosperity, will regret their removal.

Mr. McKim, the new superintendent of telegraph, is a brother of Supt. J. B. McKim, of this city. He has had much experience, possesses the qualities of a first-class railway man and no doubt will render a good account of his stewardship and be duly advanced in the ranks.

NICKEL PLATE PROMOTIONS.

John Parnum, who has been clerking for Supervisor Hoyt, of the Nickel Plate, for several years and a frequent visitor in Fort Wayne, has been called to a higher position in the freight department, with headquarters in Cleveland. Dennis McCarthy, jr., son of the well known engineer, has taken a position in the office of Agent H. C. Moderwell, at the freight house. The young man was employed for awhile in the company's office at Cleveland.

PREMIER STEEL PLANT.

The Premier Steel plant, of Indianapolis, has fallen into new hands and will resume business after an idleness of six years. The plant formerly made steel beams, but a proposition to convert it into a tin plate factory is receiving favorable consideration. W. J. Carlin, of Pittsburg, a steel and iron manufacturer of national repute, is one of the largest stockholders in the new concern. He is now at Indianapolis attending a meeting of the stockholders.

CLEVELAND GETS IT.

The Fort Wayne branch of the Brotherhood of Railway Trainmen have received official notice that the headquarters of the order will be at Cleveland on and after November 20th. One of the members of the order who takes an active part in the affairs of the order, said this morning that all talk about locating in Fort Wayne was nonsense; that the proposition never once received serious thought form any of the members outside of this city.

TWO RESIGNATIONS.

John W. Irwin, a boilermaker who has been employed in the Wabash shops for a score of years, has been offered a foremanship by the Grand Trunk and will accept it. He has tendered his resignation at the Wabash shops and will soon leave for his new field of labor.

W. B. Fisher, a carpenter who came here in search of employment several weeks ago and found it in the Wabash machine shop as a helper, resigned last night. He received a letter from his old employer in Pittsburg yesterday, offering him steady work if he would return to that city and he has accepted the offer.

SHOPMAN INJURED.

At the noon hour yesterday Harry Metzner, an employe of the Pittsburg shops, started home on his wheel. As he was passing out of the shop yards he took a header and alighted upon a pile of iron, cuting his head badly. He was unable to report for duty this morning.

LAGRANGE DEPOT.

Contractor Hurtz, of Grand Rapids, was the lowest bidder on the depot that the Grand Rapids and Indiana company will build at La Grange and the contract has been awarded to him. The building will cost about $3,000. Three or four Fort Wayne contractors filed bids with the company, but their figures were not as low as those of Mr. Hurtz.

INDUSTRIAL NOTES.

E. J. Brotkamp, of the Pittsburg planing mills, is sick.

The electric works yesterday sent a dynamo to Templeton, Mass.

After a week's absence, Brakeman W. Clements has reported for duty on the Nickel Plate.

Frank Doriot, stenographer at the Pennsylvania shops, is taking in the sights at Chicago today.

Nickel Plate Engineer Thomas Ogier and Fireman D. Vreeland are off duty on account of sickness.

Foreman Joseph Slater, of the Bass blacksmith shop, is looking after the company's interests in Toledo today

Engineer Frank Enslen, who was injured in a wreck several weeks ago, has reported for duty on the Pittsburg.

Clarence Griswald this morning took a clerical position in the Nickel Plate offices, in the Odd Fellows' block.

Messrs. J. J. Wood and F. S. Hunting left yesterday for Cincinnati in the interest of the Fort Wayne Electric company.

W. R. Wright today assumed the office of terminal trainmaster of the Louisville, Evansville and St. Louis railway, at East St. Louis.

Boilermakers Benjamin Lyttle and Edward Keefe, of the Wabash, went to Tilton this morning to repair the company's stationary boiler.

The heads of the motive power and machine departments of the Nickel Plate held their regular monthly meeting at Bellevue yesterday.

George H. B. Freeby, Wabash yard clerk, has resumed his duties after a two weeks visit with friends in Chicago and cities in that vicinity.

Christian Hoffman a local freight engineer on the Wabash, is taking a week's lay off and the vacated place is being filled by Engineer Christy.

Engineer E. H. Rogers and Fireman C. W. Arnold, of the Pittsburg are sick and off duty. Mr. Arnold injured his back by a fall from his hayloft yesterday.

Nickel Plate engine 14 is again in service, in charge of Engineer J. A Swart and Fireman C. A. Boyte. It has been thoroughly repaired at the Stony Island shops.

James T. Connelly, who recently accepted a position with the Pullman company as dining car conductor, has been assigned to a run on the Oregon Short Line, with headquarters in Salt Lake City. His territory covers about 500 miles and Mr. Connelly is on the road almost constantly.

Henry Jones, the veteran engineer who was taken sick September 21, has completely recovered from the attack and yesterday took his old place at the throttle of a passenger train.

The Boston and Albany has placed an order for thirteen first-class passenger coaches and one combination car. The New York Central will order fifty first-class passenger coaches.

C. E. Campbell, who has charge of the elevator at the electric works, was attacked by rheumatism yesterday and is quite sorely afflicted in that way today. He will probably be unable to resume work for several days.

The Grand Rapids and Indiana company will furnish a special car for the Ben Hur people who will pay the Kendallville lodge a visit tomorrow evening. The train leaves the city at 4:25 in the afternoon and returns at midnight.

The Toledo and Ann Arbor will build another car ferry steamer during the coming winter. The company is negotiating for the use of an ice crusher to keep Sturgeon bay open so the ferries can run to Menominee all winter.

The contract between the Adams Express company and the Louisville and Nashville will, it is stated, be terminated and the company will operate an independent express over its lines. This will be a bold step, as it has never been attempted but once on an extensive scale, and that by the Erie, which failed.

Robert T. Lincoln, president of the Pullman company, says it is probable that some of the Wagner operating officials will be given recognition in the make-up of the new general department and some arrangements will be made to take care of agents of both companies. The East Buffalo works, in all probability, will be turned into repair shops exclusively.

Henry F. Reiter has been given a position as reporter of trainmen on the Pittsburg road. He had the misfortune of having one of his arms crushed between the deadwoods of two cars last February, which now keeps him out of the train service For the short time Mr. Reiter was on the road he was considered by trainmen as a willing and trustworthy man.

The engine pits at the Nickel Plate round house are being rebuilt and a new floor is also being laid between the pits. The new outgoing engine track is down and is now being ballasted and in a few days will be opened for service. Then the Nickel Plate round house will be one of the best arranged and most accessible from any part of the yards of any in this part of the state.

The Big Four last week distributed between Shelbyville and Acton, on its Indianapolis and Cincinnati division, ten miles of new rail weighing eighty pounds to the yard. This will be placed in the tracks at once and will leave but four miles of the line between Indianapolis and Cincinnati with a lighter rail than eighty pounds to the yard. The delivery of this ten miles of rails completes the contract that President Ingalls made for rails in 1899 at $17 per ton. He tried to get the other four miles needed on the Cincinnati division at the same rate, but it was declined, and he will pay $33 a ton for rails for the Big Four in 1900.

FINES WERE PAID.

Albert McNally pleaded guilty to following his usual avocation on Sunday and Michael Hughes entered a plea of guilty to a charge of firing a gun across and along a public street in the city and Mayor Scherer fined each $1 and costs. The case against McDonald was dismissed, inasmuch as the evidence showed that he was not in his saloon.

Miss Grace Smith entertained a number of friends at a Hallowe'en party on Tuesday evening. The young ladies composing the company played Hallowe'en games and were regaled with a delicious supper.

THE CITY ATTORNEY'S OPINION

IN HAYDEN STREET MATTER WILL BE SUBMITTED

To the Board of Works at the Meeting Thursday Evening—City Hall News.

The matter of opening Hayden street may be determined at the meeting of the board of public works tomorrow evening. The board has been awaiting an opinion from City Attorney Shambaugh and Mr. Shambaugh has prepared his opinion and will submit it to the board at the regular meeting Thursday evening. He would not talk of his opinion until it is submitted to the board, but it is safe to guess that it does not exactly coincide with that of the attorneys for either the railway or the Hayden street petitioners, and will determine finally just what the board can legally do with the petition.

LEWIS STREET IS DONE.

Contractor Fleming finished the Lewis street pavement Tuesday and in the afternoon the work was gone over and measured by Chairman Eggemann, Engineer Randall, Mr. Fleming and Deputy Engineer McKendry. The pavement is one of the best ever laid in the city and all the property owners have expressed themselves as satisfied with it. Assessment rolls are now being prepared.

FILED AN AFFIDAVIT.

Health Officer Broecking this morning filed an affidavit against Dairyman Albro, who a few days ago refused to allow the health department to take a sample of milk from his wagon for inspection. Mayor Scherer will probably hear the evidence in the case Thursday morning.

CINCHING A STREET.

Members of the board of public works have learned that the scales of the Lake Shore railway are being moved so that they will be right in the line of Fourth street. The scales are now located a few feet from the south line of the street and would not be in the way when the thoroughfare is opened. The change in the location of the scales will cause more trouble for the board of public works in their efforts to open the street, but one of the members tells The Sentinel that it will not deter them from proceeding with the work. City Attorney Shambaugh advised the board that nothing could be done to prevent the company from placing the scales there, but will offer one more argument why the street should not be opened. The company will contend that it means the destruction of valuable property and the result will be that new legal questions will be raised.

NOTES.

The police and firemen today received their regular monthly pay. The park and street forces were paid Tuesday.

Comptroller Berghoff is signing up the refunding bonds which are to be delivered on November 15.

The demand for vehicle tags has ceased and less than a dozen have been issued in a week. Dr. Rauch's case, which is to be a test of the ordinance, has not been set for trial in the circuit court.

A party of the friends of Dr. and Mrs. Stutz surprised them at their home, Tuesday evening, to remind them of the doctor's birthday and also of the fact that it was Hallowe'en. The party assembled at the home of Mr. and Mrs. Dick Meyer and proceeded to the house. Dr. and Mrs. Stutz were being entertained at the home of Mr. and Mrs. John Heller, who were also "in the game." The doctor was summoned to his home by telephone, to attend someone who had met with an accident, and when he got there he found twenty or thirty "patients" whose injuries were done up in indescribable bandages. The rest of the party then came, and a most sociable evening was spent. A lunch was served, and a palmist read the hands of all the guests present. Among those of the party whose birthdays are on the 31st are Mrs. John Heller and Mrs. Harry Quicksell.

NOTES OF THE DAY.

The imports of Africa amounted during the past year to $400,000,000, of which $18,000,000 was furnished by the United States. The exports for the same time were $350,000,000, of which the United States took $10,000,000.

An expert has risen to explain that stage fright really comes from a disordered stomach. He argues from this that persons meditating public appearance should be careful of their diet and adhere to regular habits.

One of the novel features of the immense shipbuilding establishment, the creation of which has begun at Camden, N. J., will be roofs to the ways, thus allowing a continuation of the work on a ship in stormy weather.

Lord Wolseley, during one of his campaigns, grew so anxious at the depletion of his force by sickness that by constantly studying the roll call he came to know all the soldiers' names long before the campaign was over.

When the Russian government recently took over the entire supervision of the drink traffic priests all over the country proceeded to consecrate breweries, distilleries public houses, barrels, decanters and tumblers.

Pekin has a tower in which is hung a huge bell cast in the fifteenth century, and another tower containing a huge drum, which is intended to be beaten in case a great danger should threaten the city. No one is allowed to enter these towers.

Master Herbert Fee entertained the members of the R. C. K. club at his home, Tuesday evening. Hallowe'en games were played and the young guests were served with refreshments.

Is a great improvement over the mode of traveling of twenty years ago.

The ready-to-wear Overcoat of today is equally as great an improvement over the Overcoat of even ten years ago. Then it was an ill-fitting, no style garment. Men who dressed correctly would not wear them. It is quite different now. Nothing has improved so in the last ten years as ready-to-wear Clothing without any advance in price. To illustrate this you should see our elegant rough-faced Overcoats, $15.00 to $25.00, stylishly cut; finest workmanship, best of linings. We guarantee to fit you. Men who are particular about their personal appearance, who dress correctly and in good taste, and who formerly were the custom tailors' patrons, are now ours. They demand faultless fitting garments. We fit them. The tailor used to fit them. He could do no more. And the saving is from 33 1-3 to 50 per cent.

The very popular Covert Overcoats, with velvet collars, we show at $8.50 to $15.00, and they are the best values in the city. A most magnificent line of those very stylish striped Worsted Suits, by far the largest stock in the city.

Miss Lillian Ehle, of Stophlet street, gave a very delightful Hallowe'en party Tuesday evening. Music and games were features of the evening.

The Misses Esther and Dessie Kelley pleasantly entertained their friends by giving an attic party Tuesday evening. Fortune telling and games were the features of the evening. In the games prizes were won by Miss Martha Hitzman and Frank Heffelfinger.

The R. F. C. club began celebrating Hallowe'en by a balloon ascension. After the balloon began sailing through the air the members ran out to get it when it again came down. On their arrival at the club house they were greatly surprised by a number of their friends who had come to help them celebrate. After music and games, a mysterious fortune teller and palmist held sway and told them many wonderful things, while a ghost appeared with a jack-o'-lantern. A great time was enjoyed by all.

Edward's Camp, No. 3127, Modern Woodmen of America, gave a most enjoyable smoker in their hall Tuesday evening. Neighbors J. M. Robinson and John Usselman were the hosts of the evening, and addresses were made by Mr. Robinson and other members of the lodge. One new candidate was admitted to membership and five new applications were received and passed upon. There were about fifty members in attendance. An entertainment will be given by the members of this lodge on Nov. 24, in their hall.

W. H. Crampton, state organizer for the Royal Templars of Temperance, is in the city and will remain for a period of some weeks in the interest of the order.

The ladies of the Women's Foreign Missionary society of the Berry street M. E. church will be entertained at the home of Mrs. C. S. Ridenour, of 163 Lafayette street, on Thursday afternoon from 3 to 5 o'clock.

The Epworth League of the Wayne street M. E. church gave a Hallowe'en entertainment in the parlors of the church on Tuesday evening. The attendance was large and refreshments were served during the evening.

Miss Bessie Colerick entertained charmingly at a Hallowe'en party at her home last evening, and about twenty of her young friends partipated in the pleasures of the evening. The residence was prettily decorated and the guests enjoyed a program of dances.

In the case of Carrie D. Longacre vs. the M. W. Fay Warehouse company, the court finds in conclusion of law that the deed of conveyance and agreement together constitute a mortgage, and the possession of real estate is given to the defendant. Will Ninde represents Mr. Fay.

There was no end of fun at the home of Mr. and Mrs. Will Conover Tuesday evening. They were the victims of a pleasant surprise. After the close of the Hallowe'en social at the Baptist church about twenty-five of the young people spent the remainder of the evening at their home. Old-fashioned games were played, a delicious luncheon was served and all enjoyed the occasion most thoroughly.

COY—MILLER.

Miss Dora B. Miller and John A. Coy were united in marriage Tuesday afternoon at the home of the bride's parents, Mr. and Mrs. John S. Miller. The ceremony was performed by Rev. Dr. Parr in the presence of the immediate relatives of the couple. Mr. and Mrs. Coy left on a wedding trip to Toledo and Detroit and on their return will be at home to friends at 198 West Creighton avenue.

A FAMILY GATHERING.

The family meeting at the home of the venerable Mrs. Sarah Fairfield, near the south end of Broadway, on Sunday, was a novel gathering. All her children, with the exception of one met at her home for the first time in nearly forty years. Those present were Charles W. Fairfield, Willard A. Fairfield, Edward B Fairfield and Olive A. Edwards, with members of their families. Mrs. Mary E. Davis, who lives at Chehalis, Wash., was the only absent child. Another guest was John F. Browning, a cousin of Mrs. Fairfield. His home was formerly near Fort Wayne, but for a number of years he has been a resident of Chehalis, Wash., and is now here on a visit. E. B. Fairfield has been here on a visit, but is now returning to his home at Butte, Mont., where he has resided over thirty years, and Mrs Edwards has for thirty-five years lived at Anaconda, Mont. Their father died just one year ago, and all regret that this meeting could not have been held during his lifetime But it was a great comfort for the aged mother, who is now in her 85th year, and is yet hale and hearty.

QUIET IN NEGROS.

PEACE AND ORDER REIGN ON THAT ISLAND.

BRIGANDS LEVY NO TRIBUTE

GENERAL HUGHES REPORTS THE CONDITIONS.

LAWTON REPORTED KILLED

A COLONEL'S TELEGRAM TO AGUINALDO.

Manila, Nov. 1.—4:36 p. m.—General Hughes, commanding in the Visayan district, has sent in an encouraging report He says the island of Negros is now more peaceful and orderly than for twenty years. The planters are pursuing their business undisturbed by the bands of brigands who had long levied tribute on them.

The Americans have scattered the brigands and propose to pursue them until they are effectually suppressed. "General Young's column entered Cabanatuan, north of Isidro, yesterday morning.

Colonel Parker, with two troops of the Fourth cavalry, took possession of the deserted town of Alingo. Captain Bathon captured a telegraph operator and his escort, finding a telegram to Aguinaldo from an insurgent colonel, reporting that General Lawton was killed in a recent fight and that his body had been sent to Manila. The operator added that 600 insurgents were approaching Aliaga, from Tarlac. Bathon placed his scouts in ambush awaiting them.

Colonel Hays, with four troops of the Fourth cavalry, charged the towns of Talavera and Cohal, dispersing 150 insurgents and pursuing them for three miles without any loss. They captured two brass cannon and a quantity of ammunition, including many Hotchkiss shells. Captain Bathon took a store house and quantities of rice, sugar, corn and forty bull carts.

The British steamer Lebuan of Hong Kong, 600 tons, with a prize crew from the United States gunboat Castine on board, has arrived here. She was captured while running the blockade of Sealdotta. She had unloaded her cargo of merchandise.

BATTERED BY A TYPOON.

San Francisco, Cal., Nov. 1.—The British tramp steamer Flintshire, which has arrived here from Vladivostock and Yokohama, was caught in a severe typhoon off the coast of Asia, and for thirteen hours was at its mercy. She could make no headway and had to heave to for a while. At its height the typhoon played havoc on the poop deck. Everything was swept clean away. The boats were carried away, but the masts remained uninjured. Her entire stock of fresh meat and provisions were carried overboard and for two weeks officers and crew had nothing but a few casks of salt pork to eat.

WILL PAY 5 PER CENT.

Creditors of the Fort Wayne club will not realize heavily upon their claims. Within a day or two Receiver Keegan will file his final report in the matter, and states that after the court expenses are defrayed there will be a sum for distribution that will be about equivalent to 5 per cent. of the claims against the defunct concern. The club's liabilities are shown to be $8,315.55, and the assets about $400.

STAND BY BRITAIN.

Victoria, B. C., Nov. 1.—At one of the largest meetings ever held here, resolutions endorsing the policy of the British government in the South African war and expressing the sympathy of the city with the friends of those who fell in Monday's disastrous reverse to British arms were adopted without a dissenting voice.

INSPECTING ON THE COAST.

San Francisco, Cal., Nov. 1.—General J. C. Breckinridge, Inspector general of the United States army, has arrived in this city and will remain on the coast for some time in the discharge of his official duties.

DIRECTORS WILL MEET.

The directors of the Fort Wayne Commercial club will hold a meeting this evening, and among the business to be transacted is the appointment of the standing committees by President Foster. These will include committees on entertainment, commerce and manufacturing, city interests, railroads and transportation, finance, etc. Action will also be taken upon a large mass of accumulated correspondence.

FISHING CLUB FORMING.

A number of the devoted followers of Izak Walton in Fort Wayne are moving in the matter of organizing a new fishing club, which will have its headquarters at Dallas lake, northwest of Wolcottville, and will erect a club house there. It is designed to have about thirty members in the organization, and some of those already on the list are D. S. Eckart, Edward White, C. R. Weatherhogg, A. L. Randall and James Doermer.

GATHERED IN THE COURTS.

CHARLES M'PARLAN GETS SIXTY DAYS IN JAIL.

Truant Officer Files Affidavit Against David Curry—Jury Trials—Notes.

Charles McParlan, charged with stealing and embezzling $11 belonging to Lewis Shatzer, was arraigned before Judge O'Rourke this morning and entered a plea of guilty to petit larceny. The judge sent him to jail for sixty days.

DID NOT ATTEND SCHOOL.

Elgie Keyser, county truant officer, has filed in Justice Bullerman's court an affidavit charging that David Curry, of Perry township, did "unlawfully and wrongfully fail, refuse and neglect to send his children, Carrie, Charles and Bessie Curry, to a public, private or parochial school at any time during 1899, as required by law, after being notified so to do." The children are all under 13 years of age. Constable Kennelly went to Perry township this afternoon to arrest Mr. Curry.

MOTION TO SET ASIDE ROAD.

Attorney Fred Zollars, on behalf of Christian Pfeiffer and John H. Jacobs, has filed with the county commissioners a motion to set aside the report of the views on the Hoffer road in Washington township. Messrs. Jacobs and Pfeiffer claim that the description of the road is not correct.

NOTES.

Sheriff Melching took Ora Woods, a 10-year-old lad, to the Plainfield reformatory this morning.

In the replevin suit of Hugh Kain vs. John Van Camp the jury returned a verdict for plaintiff, who must now get possession of the colt about which there was so much contention.

Judge Vesey and a jury today heard the evidence in the case of W. E. Ryan vs. Sarah J. Clutter, in which plaintiff claims certain attorney's fees.

The September term of the circuit court will close on Saturday, November 11, and the November term commences November 20. The claim docket will be called on the first day of the November term.

Margaret Foltz has commenced partition proceedings against Joseph Foltz et al. J. B. Harper is plaintiff's attorney.

The county commissioners and auditor today signed the county bonds and they were forwarded to the United States Mortgage Co., in New York, where they will also be countersigned. The bonds will then be returned to Fort Wayne and Treasurer Hunter will deliver them to N. W. Harris & Co., of Chicago, the purchasers, who must refund to the county the accrued interest.

George Moses has legally adopted as his heir Lottie Dreibelbiss, an inmate of the Allen county orphans' home.

The case of Mary Phliedner vs. William H. Stewart et al. has been set for trial in the circuit court November 20, the first day of the November term.

THE LADYSMITH DISASTER

GENERAL WHITE TELLS HOW IT HAPPENED.

AMMUNITION WAS EXHAUSTED

MEN FOUGHT TO THE LAST IN SPITE OF ODDS.

London, Nov. 1.—The British war office today made public a dispatch received from General White, describing the operations of Monday, and it follows:

"Ladysmith, Oct. 31.—7:50 p. m.—Took out from Ladysmith a brigade of mounted troops, two brigade divisions of the Royal artillery, the Natal field battery and two brigades of infantry to reconnoiter in force the enemy's main position to the north, and, if the opportunity should offer, to capture the hill behind Farquhar's farm, which had, on the previous day, been held in strength by the enemy. In connection with this advance, a column consisting of the Tenth mountain battery, four half companies of the Gloucesters and six companies of the Royal Irish fusileers, the whole under Lieutenant Colonel Carlton and Major Adye, deputy assistant adjutant general, was dispatched at 11 p. m. on the 29th, to march by night up Bell's Spruit and seize Nicholson's Nek or some position near Nicholson's Nek, thus turning the enemy's right flank.

MAIN ADVANCE SUCCEEDS.

"The main advance was successfully carried out, the objective of the attack being found evacuated, and an artillery duel between our batteries and the enemy's guns of the position and maxims is understood to have caused heavy loss to the enemy. The reconnoisance forced the enemy to fully disclose his position and thereafter a counter attack on our right, the infantry brigade and cavalry, had been pulsed, the troops were slowly withdrawn to camp, pickets being left on observation. Late in the engagement the naval contingent, under Captain Lamberton, of her majesty's ship Powerful, came into action and silenced, with their extremely accurate fire, the enemy's guns of position.

"The circumstances which attended the movements of Lieutenant Colonel Carlton's column are not yet fully known, but from reports received the column appears to have carried out the night march unmolested until within two miles of Nicholson's Nek. At this point two boulders rolled from the hill and a few rifle shots stampeded the infantry ammunition mules.

STAMPEDED THE MULES.

"The stampede spread to the battery mules, which broke loose from their leaders and got away with practically the whole of the gun equipment and the greater portion of the regimental small-arm ammunition. The reserve was similarly lost.

"The infantry battalions, however, fixed bayonets, and accompanied by the personnel of the artillery, seized a hill on the left of the road, two miles from the Nek, with but little opposition. There they remained unmolested until dawn, the time being occupied in organizing the defense of the hill and the construction of stone sangars and walls as cover from fire. At dawn a skirmishing attack on our position was commenced by the enemy, but made no way until 9 a. m., when strong reinforcements enabled them to rush to the attack with great energy. Their fire became very searching. The two companies of the Gloucesters, in an advance position, were ordered to fall back. The enemy then pressed to short range, the losses on our side becoming very numerous.

"At 3 p. m. our ammunition was practically exhausted, the position was captured and the survivors of the column fell into the enemy's hands.

"The enemy treated our wounded with humanity, General Joubert at once dispatching a letter to me, offering a safe conduct to doctors and ambulances to remove the wounded.

"A medical officer and parties to render first aid to the wounded were dispatched to the scene of action from Ladysmith last night and the ambulance at dawn this morning.

"The want of success of the column was due to the misfortune of the mules stampeding and the consequent loss of the guns and small-arm ammunition reserve.

"The official list of casualties and prisoners will be reported shortly. The latter are understood to have been sent by rail to Pretoria.

"The security of Ladysmith is in no way affected."

GLOOM DISSIPATED.

The gloom caused by the British disaster at Ladysmith was in a measure relieved by today's story giving an account of the heroic stand made by the decimated battalions until their last cartridges were gone. There was a momentary shock caused by General White's use of the word "capitulate" in his first telegrams, but now that it is known that the Gloucesters and fusileers fought against overwhelming odds and upheld the old tradition of the British army, the tension has been relieved, since there is no longer ground to dread that the loss of life and men was accompanied by dishonor. The details today show the catastrophe in a brighter aspect. The full battalions were not engaged, and therefore the list of prisoners is materially reduced, while the disaster now appears to have been not so much the consequence of defects in the plan of action as to a misfortune whereby the column was deprived of its ammunition.

Still, it seems incomprehensible why the plight of the luckless column was not known at headquarters, as the scene of the surrender was only about three miles northwest of Ladysmith, and Lieutenant Colonel Carlton must have expected relief to reach him, or instead of attempting to occupy a defensive position, he would have retraced his steps to Ladysmith when he suffered the loss of his ammunition. Apart from General White's statement that his losses are very numerous, there is nothing to indicate the extent of them except a vague report to the effect that the soldier who brought the news to Ladysmith said the British dead and wounded were lying in heaps and that hundreds needed doctors.

This, however, is hardly borne out by the long list of captured officers.

TENSION RELIEVED.

The concluding sentence of General White's dispatch, relative to the situation of Ladysmith, was received here with a certain relief, in view of the fact that similar official assurances were given recently at Dundee and Glencoe, and there is intense anxiety for further news of the reported renewed attack, which is not mentioned in the official dispatches.

The calamity has served to show the British who are their friends. The papers comment on the splendid reserve of patriotism existing in the far-away colonies and the "deep-seated feeling of friendship and sympathy of the great kindred nation across the Atlantic."

The Standard sums up the feeling of the nation, saying:

"From the United States and our colonies alone we hear the voice of friendly sorrow and encouragement. But that suffices. All others are welcome to congratulate themselves over the misfortunes of Great Britain."

The war office has made a welcome concession to the public desire for news. Hereafter every postoffice will be open Sunday morning and will post copies of all telegrams received by the war office up to 1 a. m. Sunday.

ONE OFFICER ALLOWED.

It was learned today by a representative of the Associated Press that the British government has been obliged to refuse permission for the United States to send four officers to watch the Transvaal war, on account of the precedent which only permits one representative from each recognized power. Capt. Stephen Slocum, the United States military attachee at Lisbon, has been selected. He was in London today buying an outfit and sails Saturday. Col. Samuel S. Sumner, the United States military attachee here, remains in London.

BOER GUNS SILENCED.

Cape Town, Oct. 31.—(Delayed in transmission.)—Guns of the British naval brigade have knocked the Boer forty-pounder clean off its platform and have silenced the Boer guns on Hepworth Hill. The Boers abandoned their positions.

ARTILLERY DUEL CONTINUES.

London, Nov. 1—It was announced today in a special dispatch from Ladysmith that the Boers again closed around that place Monday night, sending shells into the British camp. The two guns landed from the British cruiser Powerful opened fire on the Boers at dawn Tuesday.

The Boers brought up more guns, but some of them were silenced. It is added that the Boers' loss must have been heavy. The garrison of Ladysmith is described as being in good spirits and confident and the

SIR THOMAS SAILS

OWNER OF THE SHAMROCK IS GOING HOME.

GIVEN A HEARTY FAREWELL

CROWDS CHEER HIM IN THE STREETS.

A LOVING CUP PRESENTED

SIR THOMAS RESPONDS TO THE PRESENTATION.

New York, Nov. 1.—Sir Thomas Lipton sailed today for his home in England. He received a surprising tribute of the esteem in which he is held by a great many people, in a kind of triumphal march through several down town streets, a great reception at the American pier, where he went on board the St. Louis, and a series of informal receptions from thousands of people. He also received word of the presentation of the loving cup which will be ready by Christmas for him.

Sir Thomas and a few friends left the Fifth Avenue hotel at 8:30 o'clock to go to the Astor house to meet the loving cup committee.

When the Astor house was reached the Eighth regiment band was in waiting, with some of the members of the loving cup committee and the band played as the carriages were driven up in front of the hotel. The party remained but a few minutes at the hotel. The band, followed by the carriages, started down Broadway playing a lively air. All the way to the American line pier Sir Thomas Lipton got a reception that surprised him. People lined up the sidewalks and cheered him and many rushed out to shake hands with Sir Thomas as his carriage slowly passed.

CORDIAL GREETING.

At Washington Market a lot of marketmen in their working clothes ran out and stopped the carriage, making Sir Thomas shake hands with them.

He was soon surrounded by longshoremen, street sweepers and vendors, and Sir Thomas smiled as he shook hands right and left.

Both of his hands were shaken by the crowd which good-naturedly half pulled him out of the carriage.

Sir Thomas and his party ascended to the second floor of the American line pier where a platform had been erected. The long floor had been decorated with banners and bunting and a large crowd assembled, among them many women. On the platform was a floral representation of the Shamrock, with hull of immortelles and sails of white silk. The sea was made of white and yellow chrysanthemums and red roses.

The vessel was four feet long. At the masthead flew the flag of the Royal Ulster Yacht club.

When Sir Thomas and the others had ascended the platform, ex-Mayor William L. Strong, chairman of the loving cup committee, signaled for silence, and John M. Beach, one of the committeemen, formally advised Sir Thomas of the loving cup that is to be presented to him, adding that he and every one else trusted that Sir Thomas would soon return.

SIR THOMAS SPEAKS.

Sir Thomas was cheered as he rose before he was allowed to reply, when he said:

"It is impossible for me to convey at once my feelings at this moment. This extraordinary reception that I have received has gone to my heart. The great kindness shown me here has endeared the American people to me and I am proud to be held in such esteem by all. I will always cherish the cup which is to follow me and I will prize it, I assure you, much more than I would the America's cup.

"As you know, I came here with designs on one of your most valued possessions. I did not accomplish my purpose. But I have been thoroughly compensated. It was a fair and square race and I was squarely and fairly licked. I could not have received kinder or more courteous treatment.

"I am very sorry to be leaving you, but I sincerely thank you for your kindness and goodness."

Sir Thomas shook hands with all who could get near enough as he pushed his way to the gang plank and a great cheer went up as he stepped on the plank.

A SURPRISE.

On board the St. Louis a surprise awaited Sir Thomas. This was the presentation of a handsome loving cup by a committee representing the American guests of Sir Thomas on the yacht Erin during the yacht races. The presentation speech was made by Edward A. Sumner.

Sir Thomas Lipton in accepting the cup, said:

"I have failed to win the cup, but I have won the good wishes of and the hearts of the American people, and I shall prize that more than the cup."

TRANSPORT REMODELED.

San Francisco, Cal., Nov. 1.—The transport Hancock will be taken off the dry dock today, having been entirely remodeled, so that she is now considered the finest troop ship in the world. An additional deck was built the entire length of the vessel. An isolated hospital with fifty beds and accomodations for nurses has been fitted up between decks. A refrigerating plant has been added with a daily capacity of fifty tons of ice, producing 600 gallons of water and furnishing ample cold storage. The soldiers' quarters have been supplied with all the comforts that could be desired.

STATE'S FISCAL YEAR ENDS

NEW ACCOUNTS OPENED WITH STATE INSTITUTIONS.

From Now On, Expenses Will be Met With Appropriations Made by General Assembly of 1899.

Indianapolis, Nov. 1.—The state of Indiana closed the fiscal year of 1899 yesterday. Today a new account is opened with the various state institutions. Up to and including yesterday the state's business was carried on under the appropriations of the general assembly of 1897; beginning today, expenses will be met with money appropriated by the legislature of 1899. Under the new laws all earnings of the state institutions must be turned into the state treasury. Heretofore the institutions have been allowed to apply their earnings as they saw fit.

Representatives of the several institutions that had not already made settlements with the auditor and the treasurer of state did so yesterday. The board of state charities met in quarterly session and there was much activity incident to the closing of the year's accounts in the office of the various state boards. All moneys not used in state expenses by tonight will, by statute, revert to the state treasury. None of the state institutions has exceeded the appropriation in its expenses for the year. The institute for the blind in this city will turn some of its appropriation back into the treasury.

Leopold Levy, treasurer of state, yesterday received separate statements from the state institutions as to the cost of their maintenance in the period from May 1 to October 31 of this year, which was as follows: The Central Hospital for the Insane, $4,736.80, of which Marion county's share was $1,111; the Industrial School for Girls and Woman's Prison, of this city, $7,263, of which Marion county paid $821.36; the Indiana Reformed School for Boys, at Plainfield, $14,816.64, of which Marion county paid $2,758.88; the Institute for the Blind, of this city, $16.10; the Eastern Hospital for the Insane, at Richmond, $957.65; the Northern Hospital for the Insane, at Logansport, $902.33, and the Southern Hospital for the Insane, at Evansville, $1,553.34.

Mary T. Wilson, chief clerk of the Southern hospital, who made the report, said the new buildings at the hospital were rapidly nearing completion. The new wing to the woman's department, built at a cost of $40,000, would be completed by December 1; the new amusement hall, to cost $14,000, would be ready for entertainments by the first of the new year, and the extra heating facilities for the new buildings, to cost $6,000, would be in operation by the time the buildings were completed.

William Whittaker, clerk of the Indiana state prison, made his last report for Charley Harley as warden of the prison. He turned into the state treasury $8,023.17 as earnings. Mr. Whittaker says affairs at the prison are in good condition for the reception of Mr. Shideler, as the new warden.

STEAMER AND CREW LOST.

Philadelphia, Nov. 1.—A dispatch received by the maritime exchange here today from Charleston, S. C., says the steamer George S. Colwell, Captain Catskill, from Fernandina for New York, has foundered. The captain is the only one saved. She had a crew of twelve men.

WISCONSIN WOMAN INQUIRES ABOUT JESSE SHISLER.

HER HUSBAND DISAPPEARED

AND LEFT THE WOMAN WITH SIX CHILDREN.

NAME WAS JESSE SHISLER

MYSTERY IN LIFE OF DECEASED DETECTIVE.

There appears to have been some mystery connected with the life of Jesse Shisler, the Pennsylvania detective who was crushed to death in the east yards early in October. He came to Fort Wayne a stranger with first-class recommendations and soon secured a position on the Pennsylvania detective force under Capt. Henry Stoll. Not much was known of his past life and he did not talk much of himself, although it was generally known that he had been a school teacher. He gave as his nearest relatives a brother, who resides at Traverse City, Mich., and an uncle, whose home was at Oakwood, Ohio. These relatives were notified of his violent death and they came to the city. With the brother came a woman and child, who claimed to be the wife and child of Shisler. The remains were taken to Traverse City for interment. Up to the time of his death all his new acquaintances and fellow employes believed that Shisler, who was twenty-nine years old, was a single man.

Mayor Scherer this morning received a letter which tells a strange story and may uncover another mystery in Jesse Shisler's life. The letter is postmarked Mt. Calvary, Wis., and is signed by Mrs. Jesse "Anna" Shisler. She tells that in some paper she had read of the death of Jesse Shisler and suspects that he may be the husband who deserted her and three children three years ago, since which time nothing has been heard from the husband and father, and asks the mayor to write her particulars of Shisler's height, weight, age, looks, whether he was married or single, place of interment and insurance. She says she wants to know positively whether he is her missing husband. The woman tells the mayor that her husband had a brother-in-law at Bryan, Ohio; a brother, Nelson Shisler, in Cedar Run; Grand Traverse county, Mich., and an uncle, Caleb Shisler, in Paulding county, Ohio.

The woman's story as to her husband's relatives gives at least the residences of the relatives of Jesse Shisler, the detective, and leads persons who knew him here to believe that he may have had a wife living in Wisconsin. The fact that there are six children, however, creates some doubt, as Shisler gave his age as only twenty-nine. Mayor Scherer has requested Superintendent Goralline to make a full investigation and answer the woman's letter. Captain Stoll may also interest himself in the matter and a few days should develop whether or not there was so much mystery in the life of Jesse Shisler.

He carried insurance made payable to his brother, and this brother, it is understood, informed the lady who came here with him as the wife of Jesse Shisler that the insurance money would be paid to her.

There is one suspicious thing about the mayor's letter. It does not appear to be the handwriting of a woman, although, of course, it may be. It is well written, words are correctly spelled and the language is the best, indicating that an intelligent person was the writer. The signature is the same as the handwriting of the letter. An investigation is certain to uncover something interesting.

BIDS FOR NEW CRUISERS.

Washington, Nov. 1.—Bids were opened at the navy department today for the construction of six sheathed and coppered cruisers, authorized by the last naval appropriation bill. These vessels will be of about 3,000 tons displacement, a little larger than the Raleigh and Cincinnati class. The speed is to be not less than sixteen and one-half knots. The new ships will have twin screws and battery composed of ten five-inch guns, eight six-pounders, two one-half-pounders and four machine guns. The limit of cost fixed by congress is $1,141,800 each, and it is provided that not more than two of these vessels shall be built in one yard.

DOWIE IN DANGER.

CHICAGO FAITH HEALER IS RESCUED BY POLICE.

WAS BESIEGED BY A MAD MOB

CONFINED ALL NIGHT IN HIS LECTURE HALL.

BOMBARDED WITH BAD EGGS

A NIGHT OF TERROR FOR THE HEALER'S FOLLOWERS.

Chicago, Nov. 1.—"Dr." John Alexander Dowie was rescued from his Oak Park church, Marion and Lake streets, at 2:45 o'clock this morning by a sergeant and twenty policemen from the West Lake street station. He had been a prisoner in the building since 7:30 o'clock last night.

Chief Kipley ordered his men out when word came at 1 a. m that the "Doctor" was kept a prisoner by a mob that defied the efforts of the Cicero police.

Fearing they would attack the place the city police were rushed to the suburb in a patrol wagon.

When the city police arrived "Dr." Dowie and nearly 400 of his followers emerged from the hall, led by the Zion Guards. "Dr." Dowie's meeting was one of the most tumultuous he has held.

His "Zion Guards" were pelted with eggs and stones, windows in the building were broken and one of his followers was severely beaten by the crowd. For hours Chief Vallens and twelve men of the Cicero police force struggled in vain to keep order. They drove the crowd away from the building a short distance, but could not scatter it. Two hundred men remained close by, declaring they would not go till Dowie appeared.

Five arrests were made during the riot. The trouble started at 7:30 o'clock when "Dr." Dowie entered the church. It continued without intermission all night, although after midnight the crowd contented itself with keeping up a passive siege.

At midnight the police scattered the crowd, but 200 men gathered close to the church, which was closely watched by scouts. This was kept up for hours. Once the crowd set fire to a load of hay. The blaze was extinguished by the fire department.

RUMOR OF TROOPSHIP'S LOSS.

London, Nov. 1.—In connection with the rumor of the loss of a British troopship, the name of the Peninsular and Oriental steamer Nubia has been mentioned, but the company has no knowledge of any disaster and they say they do not know whence the rumor originated.

The Nubia sailed from Southampton October 21 for the Cape of Good Hope, via St. Vincent, Cape DeVerde islands, which place she left on Monday.

The rumor seems to have originated in Berlin on Monday, but nothing is known of the mater here.

WILL LEARN BOER LOSSES.

ATTORNEY CONNELLY HURT

MET WITH AN ACCIDENT WHILE STUMPING OHIO.

Attempted to Drive Across a Footwalk, Believing It Was a Bridge—Will be Laid Up.

Hon. John A. Connelly, the well-known Monroeville attorney, who has been spell-binding in Ohio for Hon. John R. McLenn for a week or two, met with a serious accident at Harrod, Ohio, Monday evening and will be unable to fill the balance of his engagements in the Buckeye state. In speaking of the accident the Lima (Ohio) Times-Democrat says:

"Accompanied by the son of A. D. Miller, Mr. Connelly drove to Harrod Monday evening and addressed a magnificent meeting of democrats in the town hall. After the meeting he and Mr. Miller started immediately to return to this city. They had just passed the last street lamp leaving the village and were driving on a road from which they had to make an abrupt turn to the north, and it being extremely dark Mr. Connelly, who was driving, mistook a small foot bridge for the road leading northward and in another instant the buggy turned over into a ditch about six feet deep. Mr. Miller escaped uninjured, but Mr. Connelly was pinned down beneath the vehicle and was so badly injured that after Miller had lifted the buggy off him he was unable to get up. Assistance was summoned and he was taken back to the village and left in the care of Dr. Johnson, who states that no bones were broken, but that the injured man would be unable to be about for at least a few days. His back was badly wrenched and at first it was thought he had sustained internal injuries, but no serious symptoms were detected."

WILL PLAY HARTFORD CITY.

The Fort Wayne High School foot ball team will play the Hartford City High School eleven on Saturday afternoon at the base ball park. NOT ONE ISLAND.

DOES SPAIN NOW OWN IN THE PHILIPPINES.

A STARTLING CLAIM DENIED

NONE WERE OVERLOOKED IN THE TREATY.

AUTHORITATIVE STATEMENT

JAPAN MAY OWN THE ISLANDS REFERRED TO.

Washington, Nov. 1.—The positive statement is made here by authority that Spain does not retain possession of a single island in the Philippine archipelago.

This is called forth by the declaration in the Spanish cortes yesterday of the Count D'Almens that through ignorance the American peace commissioners had allowed three islands at the northern extremity of the archipelago to remain under Spanish control through their definition in the treaty of the boundary of the group.

There is stated to be no doubt as to the sufficiency of the treaty clause to cede the entire archipelago.

If there has been a failure on this point that fact will not redound to Spain's benefit, for it is held officially that the islands north of the Philippine archipelago belong to Japan.

DEATH CLAIMS A PIONEER

HIRAM PARENT SUCCUMBS TO INFIRMITIES.

Was an Octogenarian and Came to Allen County in 1841—Other Mortuary Matters.

Hiram Parent, a venerable citizen who has been a resident of Allen county since the early forties, died this morning at the home of his son, William Parent, 431 East Washington street. He has been ill about seven weeks, and death was due to the infirmities of age. Last Friday Mr. Parent observed his eightieth birthday anniversary. The greater part of his life was spent as a farmer, and he at one time owned a farm in Milan township, living also for a number of years in the vicinity of New Haven. His wife has been dead a number of years, and four or five years ago Mr. Parent came to this city to make his home with his son, William Parent. Other children surviving him are Mrs. Mary Steele, Mrs. Emma Baer, Mrs. Fred Garver, and Mrs. Ada Boisenet, all of this city.

The funeral arrangements have not been completed.

HARRISON.

Michael Harrison died at St, Joseph hospital at 2 o'clock this morning after an extended illness from consumption. Mr. Harrison was 38 years of age, unmarried, and made his home with his sister, Mrs. M. M. Mintch, at 19 Baker street. His father, Michael Harrison, sr., resides at New Haven. Besides Mrs. Mintch another sister, Mrs. F. L. Crall, resides in this city. The funeral services will be held Thursday afternoon from the residence of Mrs. Mintch, 19 Baker street, at 2 o'clock, and will be private. The interment will be at New Haven.

EDSELL.

Samuel Edsell, infant son of Mr. and Mrs. Frank Edsell, died last night at the family home in Gar Creek, from bronchitis. The little one was six months old. The remains will be brought to the residence of the babe's grandmother, Mrs. Elizabeth Velker, 173 West Jefferson street, from which place the funeral services will be held Thursday afternoon at 2 o'clock.

FUNERAL ANNOUNCEMENT.

MR. HOBART BETTER.

New York, Nov. 1.—Vice President Garrett A. Hobart spent the most restful night that he has experienced in the past two weeks. At 7:30 o'clock this morning he was still asleep. He fell asleep last night under the influence of opiates and did not awaken during the night. Dr. Newton, who has been attending him regularly, slept in the Hobart house last night so that in event of another relapse such as the vice president suffered early yesterday morning and the morning before he might be at hand to render assistance. The following bulletin was issued at 1:10 this afternoon: "Since the last bulletin at 9 o'clock the vice president has rested very well and taken considerable interest in current affairs. There is no change in his conditions except that he is a little weaker."

CAME FROM GERMANY.

On Monday seventeen young ladies arrived in this city from Germany in charge of a sister of the order of Poor Handmaids of Christ, and have entered the mother house of that order. These young ladies are postulants of the order, who took the initial step of entering the order in Germany, and have come to America, where after the customary probationary period they will receive the veil of the sisterhood in this city. Here they are educated as teachers and nurses, and the field for their labors is much greater in America than in Germany. None of the young ladies are now able to speak English, and the requirement of our language will be a part of the work before them.

LOCAL NEWS.

The young people of the Grace Reformed church, and their friends, are invited to attend a meeting to be held Thursday evening at the parsonage, 96 East Washington street.

Mrs. McCalla, aged 83 years, slipped and fell on the walk in front of her home this morning. She sustained severe bruises and suffered greatly from shock. No bones were broken.

The party which was to have been given this evening at the home of Mr. and Mrs. Thomas Brockerman has been postponed until further notice, owing to the serious illness of Mrs. Brockerman.

The Society of Jewish Culture will hold its first meeting of the year in the vestry room of the Jewish temple this evening at 7:30. Rabbi Cohn will speak from the subject "The French Revolution and the Jews."

The young ladies of the B. E. S. club entertained their young gentlemen friends at the home of Miss Della Rossell, Tuesday evening, at a Hallowe'en party. The party was held in the attic, which was appropriately decorated for the occasion.

A young woman in London has for some years carried on the business of index making. During that period she has trained in her office forty women index makers, and she has indexed 485 volumes of history and numerous papers and periodicals.

The St. Louis Organ company which secured the contract to put in a new organ in the St. John's Reformed church have been unable to put in the organ by the time stated in the contract, October 1. The reasons for the delay are not known, but the company say they can have it installed by Thanksgiving day. The trustees of the church have not decided whether or not they will annul the contract with this company.

A. Hirsch & Co., overall manufacturers, have leased the building at the corner of Montgomery and Calhoun strets, formerly occupied by the B. W. Skelton company, which will be occupied by them as a factory. Their present quarters at the corner of Washington and Calhoun streets have become too small for their increasing business and the new building will give greatly increased space. The new premises will be occupied about November 15.

A STOCK COMPANY

FORMED TO SELL ROAD-MAKING MACHINERY.

NEW FORT WAYNE CONCERN

KNOWN AS THE ROAD-MAKERS' SUPPLY COMPANY.

AMPLE CAPITAL INVESTED

BUSINESS MEN OF MEANS BEHIND IT.

Fort Wayne's business circles are soon to be augmented by the addition of a new corporation, which will open its offices in this city. This is the Roadmakers' Supply company an organization of business men of prominence in this city and with ample capital to carry on a business of great magnitude.

The company is to be incorporated with a capital stock of $10,000 and every dollar of it is now subscribed. Within a day or two the articles of incorporation will be filed and a suite of down-town offices will be fitted up.

The company is to deal exclusively in road-making tools, handling the product of both the Fleming Manufacturing company and the Indiana Machine works, of this city, as well as other road machinery not manufactured here. Among those interested in the new concern are Messrs. Charles Pape, E. F. Yarnelle, W. E. Mossman, J. C. Peters, A. E. Hoffman and J. M. Landenberger. While a number of the stockholders are owners of the two concerns making road machinery in Fort Wayne, the new movement is in no sense a consolidation or a trust. It is entirely separate from each, and will enter the business field as dealers and not manufactures.

No change is contemplated at either of the factories. The officers of the company have not yet been definitely selected, but it is believed that E. F. Yarnelle will be president, W. E. Mossman vice president and J. M. Landenberger secretary and general manager. A suite of offices in the Bank block is under consideration, and this too will be decided at an early date. The organization of such a company has been in contemplation for some time, but it is only recently that the plans were brought to completion.

The new organization will have many advantages over a company which merely manufactures certain special machinery, for it will handle every tool used in the making of roads, and a broad field is open before it. Those familiar with the situation are confident a magnificent business can be built up along these lines. With this end in view the new company will devote ample capital, tireless energy and the splendid business ability of its promoters to building up a trade that shall cover a large circle of territory.

LAUGHING GAS.

The Truthful Songster.

"The sun was setting in the west
Just at the close of day."
So runs the song; no doubt it's true,
Because nobody ever knew
The orb to let
Itself get set
In any other way.

"The stars were shining overhead,
And night her sable wings had spread,"
According to the song.
Why should we doubt the singer, say?
For isn't that, in fact, the way
They do it right along?

"The gentle breezes softly blow;
The autumn day was fair."
Ah, well, indeed, the singer knew,
For on such days what else is there
The gentle breeze can do?

Woman, as Usual.

"Well, I guess it is true that women are at the bottom of about all the trouble that comes to this vale of tears," remarked Farmer Sassafras to his wife.

"Oh, now don't be too hard on the women!" replied Mrs. Sassafras.

"Well, it's a fact! Look at the trouble in South Africa now."

"Have the women anything to do with that?"

"Well, I heard one of the boarders tellin another that the real trouble was on account of Susie Rooity."—Pittsburg Chronicle-Telegraph.

Killed by a Practical Joke.

Weary William—Practical jokes ain't right, Sandy. Dere's me old pard, Dusty Rhodes, dat died from de effects of one.

Sandy the Supplicant—How'd it happen?

"Well, you see, Dusty goes up to one of dese wayside cottages an asks de lady for a pie. De lady says, 'I ain't got a pie in de house, me good man, but here's a cake.'"

"What species of cake was it, Billy?"

"'Twas—'twas a cake of soap, Sandy."

Bird or Monkey.

"Fly with me!" he whispered hoarsely, yet insistently.

Constance regarded him with horror not unmingled with disdain.

"You think you're a bird with those duck trousers, don't you?" she sneered.

It is, however, a well settled principle of biology that clothes neither make the man nor serve either to change his genius and species except, of course, to make a monkey of him.—Detroit Journal.

Mary's Little Auto.

Mary had a horseless cart
With doughnut wheels, you know,
And everywhere that Mary went
The scent was sure to go.

She rode the cart to school one day,
So noiseless, swift and cool.
She ran across her teacher dear,
And now there is no school!

"De trouble 'bout de risin jinneration," said the colored philosopher, "is dat dey jumps at conclusion. I kin jedge dat fum de answer I done got when I ax Mr. 'Rastus Pinkly 'bout whut he thought o' dis here Filipino policy."

"What did he say?"

"He said he didn't know muffin 'bout it. He hadn't nebber played it."—Washington Star.

The Honest Voter.

"Masser Jim," said the veteran voter, "dey tells me dat de campaign done open."

"Yes, it's well on the way now."

"Thank de Lawd fer dat, suh! De time is now come w'en a po', downtrod voter kin rise up early in de mawnin an make a bones' livin!"—Atlanta Constitution.

Her Gentle Hint.

"This room," he said, "is rather close."

"That's not all that's close," she returned somewhat pointedly.

Then he recalled that she had brought up the subject of ice cream soda three times in the last ten minutes and he had failed to respond as became a man.—Chicago Post.

The Hunter's Dream.

The merry hunter now goes out to hunt the nimble deer,
And patiently he tramps about until the game is near.
At last the antlered monarch bounds along the mountain side.
The merry huntsman's rifle sounds. Down goes another guide.

He Wouldn't Lie.

Walton (to fishmonger)—Just throw me half a dozen of those trout.

Fishmonger—Throw them?

Walton—Yes; then I can go home and tell my wife I caught 'em. I may be a poor fisherman, but I'm no liar.—Household Words.

Cakes were served in which charms of different kinds had been concealed.

The quail law in Indiana opens on the 10th of November and not on the 1st, as some people understand it. The 10th comes on Friday and for that reason it is supposed that many of the ardent hunters will pos pone their first shoot until the next day, for as a rule hunters are rather superstitious. The punishment for killing birds out of season is very severe, as it is also for selling them, whether killed in or out of season The local sports are already cleaning up their guns and loading shells. REV. LIGHT'S LECTURE.

"Three-Thirds of a Man" was the unique title of the lecture given at Simpson church last evening by Rev. Somerville Light, of Bluffton, and his audience listened to an effort that was uplifting in its sentiment, pleasing in its presentation and thoroughly helpful. The speaker defined man as composed of three parts—body, mind and soul, and only the full development of these attributes make the perfect man. No part can be sacrificed or its development neglected if the ideal is to be approached, and the speaker dwelt particularly upon the importance of the soul, the most vital of the trio. It is spirituality which widens and ripens the other two and makes beautiful all that physical strength and intelligence can bring. Rev. Light saw in the future a more general recognition of this fact, and consequently a higher plane of human endeavor and human attainment.

General White now charges the disaster at Ladysmith to the mules. No good military man will lodge faith in an army mule.

Marconi having brought his wireless telegraphy to a practicable status might now try his hand on a wireless political system in this country while he is here.

The Boers lodge the British officers captured in battle in the grand stand of the Pretoria race track. Colonel Carleton's exploit at Ladysmith may therefore be looked upon as a grand stand play.

Announcement is made that Vice President Hobart, who is mortally ill, will retire from public life. It seems certain that he has not long to live, but his family states that whether he shall recover or not, he will be seen no more in public life.

Senor Don Castro, having defeated and eliminated Senor Don Andrade, in Venezuela, is now in his own turn assailed by Senor Don Hernandez. One revolution is no sooner off than another one is on. The commercial interests of this country in the disturbed "republic" are considerable; so are those of European countries. It is altogether probable that if the United States does not interfere and put an end to the condition of anarchy in Venezuela, other governments may consider that they have some right to relieve us of the duty.

Broomhall's estimate of this year's world's wheat crop is 2,496,000,000 bushels, a decline of 390,000,000 bushels as compared with the yield of last year. It is unfortunate that 170,000,000 bushels of this decline was in the American crop.

Without entering into any discussion one way or the other of the merits of the trouble "Dr." Dowie, the Chicago faith healer, is causing in the Windy City, we wish to observe that the quality of judgment displayed by any who chooses Hallowe'en to exploit an unpopular matter is not to be commended.

Mrs. Lena Rutz, the Chicago lady who spanked her husband twice a day because, as she said in court, it was good for his general health, the cry following the chastisement being conducive to appetite, has been placed in a hospital and is to be examined as to her santy. Her husband says she is crazy, but it is felt that more competent testimony will be needed to prove it.

A rumor comes from Europe to the effect that Russia is about to demand of Turkey the opening of the Bosporus and Dardanelles. The story probably has a stock jobbing basis. Such a movement would be dangerously apt to bring on a continental war. Turkey would almost certainly fight, and it is impossible to guess what complications might ensue.

The building occupied by the Italian chamber of deputies threatens to collapse, and a new one will have to be erected. The Italian government has been on the verge of collapse for several years, and is still so shaky that repairs sufficient to save it will be most difficult. Very likely in the end the monarchy will share the fate of the parliamentary chamber and will be pulled down to be replaced by a political structure of greater durability.

Simon T. Yandes, of Indianapolis, who, within the last year, has been giving freely to the home mission work of the Presbyterian church in Indiana, has just made another contribution of $10,000 to the home missions committee of the Indiana synod. The money is to be used in Sunday school work. The entire amount will be applied in Indiana, and will be used in founding schools and in the assistance of such as are financially weak. Mr. Yandes's gifts to the church in this state this year amount to $21,000. The last gift was in the nature of a surprise to the church, as no intimation of the donor's intention was given beforehand.

LIQUOR AND MERRIMENT.

When Dr. Thomas J. Hillis asserts that whisky contains all the constituent elements of food, he probably speaks from medical knowledge, says the New York Journal.

But when he states that whisky makes hundreds merry for every ten it makes miserable, he knows not whereof he talks.

One drunkard may feel exceedingly merry, but he is sure to make everybody within his sphere of influence miserable. Where there is deep and consistent drinking there can be no happiness.

Mr. Hillis seems to think that all drunkards are hereditary drunkards, and that they drink because they are unable to abstain from it.

Generally speaking, we are an intemperate nation, but the intemperance of nineteen men in twenty is not hereditary. It is acquired. There are men who achieve drunkenness deliberately and periodically. Others have drunkenness thrust upon them.

The periodical drunkard is a prey to circumstances. If he happens to be a rich man either joy or sorrow will arraign him at the bar. If he is a laboring man he gets drunk on pay days, because the task of earning his money is over and he seeks the relaxation which on penniless days he is unable to purchase.

But whether a man be a periodical or an habitual drunkard, he is sure to cause misery.

Dr. Hillis inveighs against ministers and ultra-temperate physicians who "assemble in a moral blockhouse, deaf to the bugle of common sense."

The excesive use of whisky has nothing to do with common sense. As a medicine it is a fine thing for snake bites. As a merriment producer it is a failure throughout the world. As a misery maker it is perfection.

ORPHANS' HOME PROSPEROUS

NEW OFFICERS OF REFORMED CHURCH INSTITUTION.

Directors Hold Their Annual Meeting and Transact Much Important Business.

The board of directors of the Reformed church orphans' home held their annual meeting at the home Tuesday evening and the reports presented show the home to be in a most prosperous condition. The directors in attendance were Rev. John Winter, of Huntington; Elder W. Siebert, of Pittsburg; Rev. B. Ruf, superintendent of the home; Rev. Dr. John Bachman, of Knoxville, Ohio; Rev. B. F. Stern, of New Bremen, Ohio, and Rev. John Bosch, pastor of St. John's Reformed church of this city.

In addition to the auditing of a large number of bills, some important legislation was adopted. It was decided that hereafter if children remain at the home until they reach the age of twenty-one years, they will be given $100 when they leave. Again, boys will now be permitted to leave the institution at the age of eighteen years if they choose. Heretofore they were compelled to remain until twenty-one years of age, or, if they did leave, they were not permitted to return.

Every prospect for the home is most encouraging. There are now sixty-three children at the home and the general health of the inmates is good. A number of the boys are at work in this city learning trades, but still make their home at the institution and are under the supervision of the superintendent. During the past few months Re. Ruf, the superintendent, has made several trips to cities where there are churches contributing to the support of the home. These visits are found to be very beneficial and they will be continued.

The official staff elected for the ensuing year is as follows:

President—Rev. John Bachman, of Knoxville, Ohio.

Secretary—Rev. B. F. Stern, of New Bremen, Ohio.

Treasurer—Rev. John Bosch, of Fort Wayne.

It was reported at the meeting that a farm in Wayne county, Ohio, which was owned by the home, had been sold to L. E. Weils for the sum of $3,500 in cash.

FOUGHT FOR HER BABY.

Mrs. Ella Gibson, who lives east of the city, complained to Humane Officer Schlaudroff that her sister, Mrs. Kauter, had taken her seven-month-old child and the little one was at the home of Mrs. Anna Johnson, on Holman street. Mr. Schlaudroff and Mrs. Gibson went to the Johnson home, and as soon as the woman saw her baby in Mrs. Kauter's arms she made a fight for it, and for fear the babe might be injured, the officer interfered and ordered the child given into the possession of the mother. Mrs. Kauter claimed that Mrs. Gibson did not wash the babe.

NORTHERN INDIANA NOTES.

A fatal epidemic is reported among the cattle in Porter county.

Incendiarism destroyed C. J. Kern's general store at Porter, causing a loss of $4,000.

Nearly every one of the Miami county officers own farms, to which they contemplate an early retirement.

The opinion is strengthening that valuable coal beds underlie Cass county, recently demonstrated while drilling a well on the Bingiman farm in Boone township.

Thomas and Minnie Stitler were divorced in Steuben county at a recent term of court. They soon found out they had made a mistake and straightway were "joined for life" again.

Mrs. Alvah Sherrall, living near Wabash, kidnaped her six-year-old daughter while the child was on the way to school. She took her to Logansport, but was arrested there and brought back to Wabash.

Prof. Henry Garbisch, of Laporte, one of the best known Lutheran educators in the state, has received a call to the superintendency of the Lutheran schools at Plymouth, Wis. He has the call under advisement.

The building and machinery of the new Oliver house at South Bend cost $600,000. All of its interior finishing will be mahogany, and it will contain two reception halls which are being furnished by Marshall Field & Co., at a cost of $15,000. It contains 200 rooms, its own driven wells, ice plant and $30,000 Turkish bath establishment.

H. Z. Leonard, who, during the "greenback" era in the seventies, was one of the leaders of that party in Indiana, being nominated for governor by the organization, is critically ill at his home three miles south of Wabash. Mr. Leonard, when the "greenback" craze died away, became a republican and did faithful work for the party on the stump. In 1888 he was appointed to the United States consular service, served his term and then located in Wabash county.

CLERKS' UNION FAIR.

Eight hundred people who attended the clerks' union fair Tuesday evening were unanimous in pronouncing it a big success, and the evening was most enjoyably spent. The pretty decorations, the charming music, the specialty attractions and the dancing served to make up a pleasureable program, and much interest centers about the contests. A new one was added last night, and a handsome volume will be voted to the most popular congressional candidate. At the closing hour the vote stood: J. M. Robinson, 50; R. B. Hanna, 10; Dr. C. B. Stemen, 5.

This evening is union night, and prominent citizens and leading union men will make five minute speeches. The contest for the most popular union man closes this evening, and the winner will be voted a handsome cane and umbrella set.

FRANKS ARE DISTRIBUTED

UNITED TELEPHONE CO. FIRST TO GRANT REQUEST.

Officials of Cities Belonging to Indiana Municipal League Can Talk Free.

At the meeting of the Indiana Municipal league a resolution was adopted requesting the telephone companies doing business in cities which were members of the league to allow mayors, chiefs of police and city attorneys to use the telephone systems free of charge for official business. Mayor Scherer, Mayor Dungan, of Huntington, and others were appointed members of a committee to negotiate with the companies. The first favorable response has been received from Hon. Hugh Dougherty, president of the United Telephone company, which does business between Huntington, Bluffton, Markle, Geneva, Portland, Warren, Ridgeville, Van Buren and all stations between these cities. Mr. Dougherty has forwarded to the mayor, city attorney and chief of police or marshal in Municipal league cities franks granting them the free use of telephones for municipal business. The Fort Wayne city officials received their franks last Monday. None of the other companies have given definite reply, but it is believed they will follow the example set by Mr. Dougherty and the United Telephone company.

TROOPS OBJECT TO CABOOSE.

Muncie, Ind., Nov. 1.—Companies I and L, of the Forty-second regiment, United States troops, from Fort Niagara, N. Y., en route to Manila, via San Francisco, with Captain Cunningham in command, were delayed several hours here owing to the fact that a caboose had been attached to the train by the railroad company and the soldiers would not proceed until the caboose had been taken off, which the railroad company refused to do. The caboose was attached to the first section of the train, consisting of Wagner sleepers. At Bellefontaine, Ohio, the commanding officer demanded that the offensive caboose be detached from his train. The railroad company complied but attached it to the second section. When the section reached Muncie Captain Cunningham refused to proceed farther until the caboose had been detached. The railroad company held out for the caboose and finally the soldiers gave in, but threatened to wreck the caboose and riddle it with bullets at the first opportunity along the road. A heavy guard with fixed bayonets was required here to prevent the soldiers from demolishing the caboose while here.

PERUNA A REMEDY FOR FEMALE CATARRH.

MAGRUDER, YORK CO., VA.

Dr. S. B. Hartman, Columbus, O.:

"I can scarcely find words to express my gratitude to you for all your kindness to me. It has robbed the grave of one victim, for I was in a critical condition when I wrote you before. Thanks to you, however, my health is fully restored. I wish every young lady in our town could read your book. There would be a great deal less sickness and puny women."—Miss Bertha E. Sargent.

NAVASOTA, TEX.

Dr. S. B. Hartman, Columbus, O.:

"I think it is time to let you know what your treatment has done for me. I am rid of that terrible trouble I had when I wrote to you. When I would stoop over I could not straighten up without the most severe pain. I am well of that, and am much better in other ways."—Mrs. F. K. F. Gille, Box 19.

OSYKA, MISS.

Dr. S. B. Hartman, Columbus, O.:

"I am sure that Pe-ru-na is one of the best medicines on the market. I am sure that I would have been in my grave now had I not used it. I have told many others the good it did me. Everybody said that I had consumption, and I knew that I would have it unless I got relief. I feel it my duty to give praise where it is due. I am and ever shall be grateful to the man who discovered Pe-ru-na."—Mrs. S. E. Dicker.

NEW ORLEANS, LA.

Dr. S. B. Hartman, Columbus, O.:

"I am feeling much better now than I have for two years. I find Pe-ru-na to be the best medicine for female complaint, and in all cases of extreme weakness I think it is the best remedy in the world, as it has done me a great deal of good. My friends say that I am looking better now than I have for years. They want to know what I have been doing, I look so well. I tell them that Pe-ru-na did it. I hope Dr. Hartman will live many years more to help others as he did me."—Mrs. H. Buthe, 1831 Sixth street.

Every woman should have a copy of "Health and Beauty." This book contains specific instructions for the treatment and cure of female catarrh. It is illustrated and contains much information. Address Dr. Hartman, Columbus, O.

PHILIPPINE COMMISSION IS ABOUT READY.

STATEMENT DUE THIS WEEK

WILL BE DONE AT REQUEST OF PRESIDENT.

POINTS TO BE CLEARED UP

COMPLETE REPORT WILL NOT BE MADE NOW.

Washington, Nov. 1.—The members of the Philippine commission, Admiral Dewey, Professors Schurman and Worcester and Colonel Denby, will make a preliminary report to the president before the end of this week, and it is understood the report will be immediately given to the public. This report will be prepared at the request of the president as a result of a conference between the president and the commission at the white house today.

The president personally summoned the commissioners and an hour was spent in consultation, during which he explained the points he wished covered in the preliminary report. It may be weeks, possibly months, before the complete report is ready. Professor Schurman, who is president of the commission, said, after the members left the white house, that the report to be made this week would cover certain phases of the situation which the president desired cleared up at this time.

When asked if the report would touch upon the so-called Sulu treaty (the arrangement made between General Bates and the sultan of Sulu), Professor Schurman replied in the negative.

"That was principally a military arrangement," said he, "with which the commission had nothing to do."

Secretary Hay and Secretary Root were present at the conference.

The commissioners made a full verbal report to the president, forecasting in brief the formal report that is to be prepared. Each of the members talked in turn, not only upon the general features of the forthcoming report, but each treating more in detail of a certain line of subjects upon which he was more fully informed than his colleagues, for it appears that the commission, while in the Philippines, took the course of dividing into sub-committees of one, each assuming a special branch of inquiry.

The significant feature of this morning's conference was the revelation that the commission is absolutely unanimous in its views respecting the proper line of treatment of the islands.

RURAL MAIL REPORT.

Some interesting information regarding the scope of the free rural mail delivery route put into operation two weeks ago is supplied by the first report of the carrier, D. L. Benber. From October 16, when the service began, to October 31, Mr. Beaber traveled a distance of 378 miles and delivered 2,049 pieces of mail. The heaviest mail on any one day was 222 pieces, on October 30. About forty mail boxes are now up on the line, and Mr. Beaber says the service is highly appreciated by the farmers. This is true to such an extent that one man who had contemplated selling his farm and coming to the city, does not think he wants to sell now, unless he is offered a price considerably in advance of what he asked prior to the establishment of the route.

HOAGLAND.

Farmers are looking for working men. The corn is in prime condition for husking.

Mr. and Mrs. M. S. Meriam, of Emsworth, Pa., spent a part of last week with his parents, Mr. and Mrs. Edward Meriam.

Lewis Robinson has been remodeling his house.

The harness shop has moved into a part of the store room owned by Mrs. Rhoda Meriam.

Mrs. Evans has taken possession of her new property.

Milton Barto has placed a flower window in the east side of his house.

E. J. McIntosh, who has accepted a position in the Pittsburg freight house, has moved his family to Fort Wayne.

Dr. Grandstaff has taken to himself a bride. Some are looking sad, but others glad. He expects to move soon, and will assist Dr. Smith, as the latter's health is very poor.

Last Sabbath morning Rev. Jones delivered a very good sermon to the parents, and in response to his call, four young hearts were taken into full connection with the church. "Suffer the little children to come unto me, and forbid them not, for of such is the kingdom of Heaven."

August Koemann has disposed of his threshing machine and outfit. There is a chance.

The Small & Lipes brick and tile yards have stopped work until next spring.

The Bollinger Hoop and Stave company have purchased a new line of machinery. They intend cutting the hoops instead of sawing them, thereby saving timber and time. They expect to begin a full set of hands next week.

The advisory board made an allowance for about 250 yards of gravel to be used in overlaying our old gravel roads this fall. The compensation is small, but it is hoped the farmers will turn out and help haul it before the roads break up.

Rev. Motschman, of the Fort Wayne Lutheran church, delivered an address, observing Reformation Sunday, at Antioch. Next Sabbath morning at 10:30 Rev. Garmann, of Wittenburg, will address us.

JINGLES AND JESTS.

Lonesome Little Willie.

I'm just as sad as I can be! I'm lonesome, too, all day!
They ain't no one to play with me when papa's gone away!
I'd like to romp with Johnny Dix, the boy 'at lives next door,
But he won't let me, 'cause he's six, and I'm just only four.

I wisht 'at I'd grow offul tall some night when I'm asleep,
And Johnny, he'd stay just as small as he is now and keep
But only six, while I got ten or nine or 'leven—oh,
I bet he'd like to race me then! I wouldn't let him though!

He says 'at I can go and play with little Eddie West,
But he wears kilts, and, anyway, I like big boys the best;
It ain't no fun for me to be with such a little thing,
'Cause he's just only half past three, and I was four this spring.

I wisht my papa didn't need to work down at the store;
If he could stay home always, we'd show that three boy next door!
My papa, he's the best of all, for he ain't never told
Me I'm no good, just 'cause I'm small and only four years old.

Merely Musing.

"Down with the trust magnates," he exclaimed in a low tone. After a moment's silence he repented, in a more plaintive key, "Down with the trust magnates."

"Is that your war cry?"

"No. That's where I'd like to be. Just think of living down with the trust magnates at the seashore all summer long!" —Washington Star.

The Kissing Bug's Rival.

'Tis not alone the kissing bug
That makes a maiden pout
And to the wooing summer breeze
Her ruby lips stick out.
Good gracious, man,
Since time began,
And Adam Eve did hug,
That's been a trick
She learned full quick,
With no help from a bug!

For it's that insect all alone
That swells the manly head
With stolen kisses in the night,
Where moonshine's charms are spread;
The simplest girl
Man's brain can whirl
With just one little smack,
Till his proud pate
Doth grow so great
He ne'er can shrink it back!

—St. Louis Republic.

The Soft Answer.

Irate Father—I saw you kiss my daughter under cover of the bushes this afternoon. What do you mean by it?

Golightly—Well, now, you hardly think that I would stoop low enough to discuss personal matters with a beastly peeper, do you?—Philadelphia North American.

Age Begets Wisdom.

"Father, dear, you're getting old.
The doctor says you're ill."
Thus spake the son. "And really
You ought to make your will."

The old man from his easy chair
Gazed at his thoughtful boy;
A look stole o'er his wrinkled face
That was not of pride or joy.

"Nay, not on your life, young man!
I'm no senora now," he said,
"And I'll not give people cause to say
I was crazy when I'm dead!"

Why Do Cats Hiss?

Why does a cat hiss when angry? Take a tiny kitten at play and make it angry, and it will snarl in its baby fashion and hiss as best it can. Why?

Dr. Louis Robinson says that the hissing and spitting of young kittens is probably an instinctive attempt to scare away enemies from the helpless tots by imitating a snake's hiss.

A great many creatures that live in shallow holes have a like habit of hissing when annoyed or angered. The tail of a cat seen dimly in the half light of a cave suggests a snake's tail and is often marked in a way to heighten the resemblance.

"If," says Dr. Robinson, "this really is an instance of protective mimicry, I think it is probable that the chief foe guarded against was the eagle. Eagles are very fond of cat flesh, and it has been remarked by naturalists that these formidable birds habitually make war upon the smaller felidae."—St. Louis Post-Dispatch.

A Healthy Sick Man.

An English paper says that one of William Morris' tribulations at Oxford was the task, equally hard in either case, of evading or accepting the invitations of Dr. Henry Acland, whose intimacy with Ruskin and appreciation of the preraphaelite school led him to offer constant hospitality to the young painter.

Once, when they were to dine with Dr. Acland, Morris invented an illness and sent his apologies by Burne-Jones. Unfortunately Burne-Jones arrived with this message when there still wanted a few minutes to dinner time.

Acland, who was all kindness, instantly, to Burne-Jones' infinite dismay, put on his hat and went around to see the sick man in his lodgings. He was found, apparently in the best of health and spirits, sitting at dinner with Faulkner and playing cribbage over the meal. He had to confess recovery and be led off to dinner.

THE [1208] MARKETS.

Chicago, Nov. 1—Bearish sentiment was dominant in the wheat pit today and the market opened weak with the tendency downwards. Indifferent cables, notwithstanding a sharp advance here yesterday, was the main consideration. Trade was very dull and longs became despondent and unloaded freely. A steady increase in local stocks, coupled with a slack cash demand, hastened the decline. December opened ⅝@½c lower at 69⅝@70c and declined to 69¾c. Chicago received 184 cars, 23 of which were of graded contract. Minneapolis and Duluth got 589 cars, compared with 868 for the corresponding day last year.

The weakness in wheat was reflected in corn and the market suffered from liquidation. After a half-cent decline had been scored country buying, owing to wet weather and light receipts, started a slight rally. Receipts were 210 cars. December opened ⅛c lower at 31⅜c, declined to 31@31⅛c and advanced to 31⅛@31¼c.

Trade in oats was uninteresting, but the market weakened a trifle in sympathy with the other grains. Receipts were 191 cars. December opened a shade lower at 22¼@22⅜c and declined to 22⅛@22¼c.

Too many hogs and lower prices at the yards burdened provisions. Selling by packers was heavy. January pork opened 5@7½c lower at $9.65 and declined to $9.60. January lard opened 2½c lower at $5.30 and declined to $5.27½. January ribs opened 2½c lower at $4.92½ and declined to $4.90.

THE CLOSE.

Prices at the close were as follows:

Wheat—Dec., 69¼@69⅜c; May, 73¼@73⅜c.

Corn—Nov., 30¾c; Dec., 31⅛c; Jan., 30⅜c; May, 32½c.

Oats—Nov., 22¾c; Dec., 22¾c; May, 24½c.

Pork—Nov., $7.95; Dec., $8.00; Jan., $9.60@9.62½; May, $9.70.

Lard—Nov., $5.05; Dec., $5.10; Jan., $5.25@5.27½.

Ribs—Nov., $4.75; Dec., $4.75; Jan., $4.90.

Flax—Cash N. W., $1.29; Cash S. W., $1.28½; Dec., $1.28; May, $1.28¾; Nov., $1.28.

CHICAGO LIVE STOCK.

Chicago, Nov. 1.—Estimated receipts of hogs today, 38,000; tomorrow, 30,000; left over, 5,190. Market slower, lower. Mixed and butchers, $3.95@4.30; good heavy, $4.05@4.22½; rough heavy, $3.75@4.00; light, $3.95@4.25.

Cattle—Receipts, 16,000. Market steady. Beeves, $4.50@6.50; cows and heifers, $1.75@5.10; Texas steers, $3.50@4.10; stockers and feeders, $3.00@4.85.

THE DAY ON WALL STREET.

New York, Nov. 1.—Changes were very much mixed at the opening and were small for the most part. The Norfolk stocks were strong, the common rising ¾ and the preferred a point. The Steel and Iron stocks were inclined to react from yesterday's strength, Steel Wire and National Steel losing 1@1½ respectively. Brooklyn Transit opened down a point, but quickly rallied 1¾. Vigorous buying of the metal group lifted those stocks 1@2 points. Steel and Wire, National Steel and Federal Steel were prominent. New York Street Railway and Gas shares were buoyant under the lead of Brooklyn Transit, which touched 87½. Other industrial stocks to show strength were Sugar, Tobacco, Western Union and Leather. While there was a higher range established for railroads, advances generally were slight. New Jersey Central sold up 1½ and Wisconsin Central 1½@2. Some of the specialties were easier by 11 o'clock.

Prices of stocks which maintain most on the rise were lowered in some instances a point on realizing. The market became dull on the declins. Support appeared in Brooklyn Transit and it mounted again to the best. Good buying of Pacific Coast advanced it 2¼ and Brooklyn Transit half as much. Standard Rope was unusually active and 2½ points better. About noon the market showed an advanced tendency.

Sales of stocks to noon, 239,562 shares.

Railroad bonds were generally steady, but there was conscious strength in Standard Rope incomes.

The Brooklyn Transit extended its advance to 2½ with some sympathetic effect on the Manhattan and Metropolitan. The Leather stocks were advanced, the common to 32 and the preferred to 83⅞. The rest of the market was apathetic, and at some points, heavy. Malting preferred advanced an extreme 3½. Brooklyn Transit yielded a point, but recovered it and held it in face of very heavy offerings. The closing was active, but unsteady at mixed net changes.

NEW YORK PRODUCE.

New York, Nov. 1.—Butter—Receipts, 1,599 pkgs; market firm; western creamery, 17@24c; June creamery, 17@23c; factory, 14½@16½c.

THE ills of women overshadow their whole lives. Some women are constantly getting medical treatment and are never well. "A woman best understands women's ills," and the women who consult Mrs. Pinkham find in her counsel practical assistance. Mrs. Pinkham's address is Lynn, Mass.

PRACTICAL HELP FOR SUFFERING WOMEN

Mrs. Mabel Good, Correctionville, Ia., tells how Mrs. Pinkham saved her life. She says:

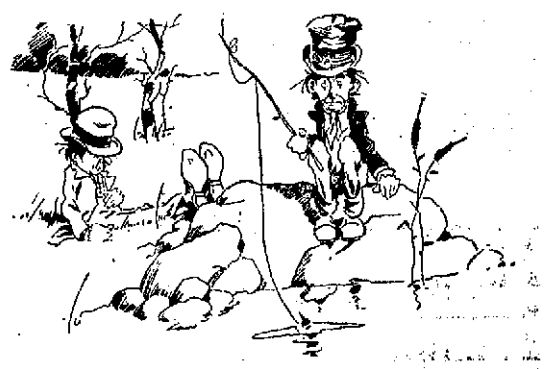

"I cannot thank you enough for what your medicine has done for me. I can recommend it as one of the best medicines on earth for all women's ills. I suffered for two years with female weakness and at last became bedfast. Three of our best doctors did me no good so I concluded to try Lydia E. Pinkham's Vegetable Compound. After taking a few bottles of your medicine, I was able to do all my housework. I know that your medicine raised me from a bed of sickness and perhaps death, and am very thankful for what it has done for me. I hope that every suffering woman may be persuaded to try your medicine."

Get Mrs. Pinkham's advice as soon as you begin to be puzzled. The sick headaches and dragging sensation come from a curable cause. Write for help as soon as they appear.

Mrs. Dole Stanley, Campbellsburg, Ind., writes: "Dear Mrs. Pinkham—I was troubled with sick headache and was so weak and nervous, I could hardly go. A friend called upon me one evening and recommended Lydia E. Pinkham's Vegetable Compound, saying that she knew that it would cure me. I then sent for your medicine and after taking five bottles of it, I was entirely cured. I cannot praise it enough."

GOOD SAMARITAN BRINGS CARDUI.

27 Abercorn St., Cor. St. Julian, Savannah, Ga., Jan. 4, 1899.

Having read in our daily papers so much about Wine of Cardui I concluded to get a bottle of it for my sister, Mrs. Lula DeLyons. She had suffered untold agonies from female complaints. My father had very skillful physicians with her, but all they could do was to patch her up for a while. None could effect a permanent cure. The first bottle of Wine of Cardui showed a change for the better. Now she has taken three bottles and is entirely cured. She keeps it in the house and Cardui showed a change for the better. Now she has taken three bottles and is entirely cured. She keeps it in the house and occasionally takes a dose to regulate her system. She had been married eight years or more and never had a baby. The doctors all said she had womb trouble so bad it was impossible for her to have a child. Since she has taken Wine of Cardui, she has become the mother of two fine children, a boy of three years named James Cardui DeLyons and a little girl of two years whose name is McElree DeLyons. They named them in honor of your medicine for her husband said but for your valuable preparations she would be childless.

Mrs. W. WHITE.

McELREE'S Wine of Cardui

In taking her suffering sister a bottle of Wine of Cardui, Mrs. White rendered a service that can hardly be repaid. Her sympathy for her sister in pain led her to an act of practical charity which had far-reaching results.

In that home the difference between year after year of lonely, agonizing suffering—which physicians' skill was unable to relieve—and a happy contented mother, surrounded by a devoted father and two lovely children, is represented by a bottle of Wine of Cardui brought there by this devoted woman. No wonder they named the children for the great medicine, so largely instrumental in bringing them into the world. In helping to make Mrs. DeLyons a happy woman Mrs. White has done a work worthy of any good Samaritan. In her sisterly sympathy she brought the one cure that would free her sister from pain and suffering. There is hardly a woman who reads this paper who does not know of some case that Wine of Cardui will cure. Other friends are sending flowers and delicacies, which can only please for a moment while Wine of Cardui, the one thing that will bring permanent health is on the shelf of every drug store. Any woman can go on a mission of mercy with a bottle of Wine of Cardui, or even with just a word calling attention to that phenomenal remedy.

Eczema!
The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many

patent medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific

S.S.S. For The Blood

is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no potash, mercury or other mineral.

THE FIRST CHURCH

BAPTISTS WERE PIONEERS IN INDIANA.

EARLY DIFFICULTIES MET

OBSTACLES WHICH FOUNDERS HAD TO OVERCOME.

BLUE LAWS WERE ENFORCED

MEMBERS WERE SUSPENDED FOR TELLING LIES.

Anderson, Ind., Nov. 1.—Indiana Baptists during the coming week will celebrate the completion of 100 years' organized effort in "Indiana territory"—which, when the work was begun, included not only the present state of Indiana, but also those of Illinois, Wisconsin and Michigan. Their first congregation, which was planted when the men who put the logs together for the first church, had to have their rifles with them for emergency, is still in existence, though it has narrowed down to two people. It was their first church west of the present state of Ohio and also the first protestant congregation in all of the western country. It is a coincidence that in Indiana also was organized the first Catholic congregation northwest of the Ohio, and it, too, is still in existence. It antedates the Protestant churches by ninety-six years. That congregation is St. Xavier's at Vincennes, which was established in the spring of 1702.

The first Protestant church was established by the old Salem Baptists' Associationof Kentucky on November 2, 1798, and was located on Fourteen-Mile creek, now near the old town of Charleston, in Clark county, across the Falls of the Ohio from the present city of Louisville.

The first organization included a membership of but four—John and Sophia Fislar and John and Catherine Pettit, settlers along Fourteen-Mile creek. Until 1804 the church was transitory to the extent that it moved from house to house. In 1801 the first "meetinghouse" in Indiana territory was erected by the congregation. It became known as the Charleston Baptist church. It was a rude structure of logs, and it is claimed that part of the members had to stand guard against Indian invasion while the others put the logs in place, and it is known that members carried their guns with them when they went to church. That they had good reason is attested by Indian pioneer history. The Pigeon Roost massacre, which occurred some years later, was only a few miles from this old church.

CHURCH AN OLD SITE.

The present church stands on the site of the original building. It is an old structure of brick and is known as the "Silver Lick meeting house." It was erected in 1823 to take the place of the log concern, which had become too small. For years it was the greatest meeting place in all of that section of the state, but it slowly disintegrated until the congregation is now not only the oldest but also the smallest in Indiana. It at present consists of two communicants—Leander C. Mcmick and "Aunt Betty" Brown, both of whom are very old. They hold the old records of the church, which date from the very first meeting and are in many sections of unusual interest as giving an insight to the narrowness of church requirements and the very limited resources of the people. The old records are among the most interesting bits of Indiana pioneer history, and give a mirrorage of the pioneer church days in Indiana—days when the Puritan laws, little modified, were in force; days when men made privations to serve the Lord and when salary was unthought of. As an example, a record of March 13, 1802, is given: "The church agrees to pay the ferrage of any minister who desires to cross the river (the Ohio) to visit the church." An entry of October 22, 1814, says: "Agreed that on next Sunday the male members of the congregation meet to repair the meeting house and furnish firewood." In 1816 Brother Jonathan Stark ministered to the church for the consideration of a "great coat." These are the only entries showing any compensation for the ministers. It was understood that all they expected was their meals and a place to sleep. One of these old ministers was greatly shocked some time ago, when attending a conference, he heard ministers fighting over salaries. He arose and said that in his day they preached without compensation and "to beat hell."

BLUE LAWS PREVAILED.

The discipline of the church was little less than the old Puritan blue laws. James Abbett was excluded for falsehood in 1802 and a year later John Pettit, after being "laboured with in private," was expelled for the same reason, while another was let go for "breach of covenant." In 1807 gambling seems to have made its appearance in the congregation and a brother was "admonished," while there are many records of absentees from service being "counciled and admonished." The church also seems to have taken upon itself the powers of state to a great extent. From the records it seems that every member considered it an inalienable and moral right to supervise the doings of brothers and sisters.

Members were hauled over the coals for indulging in little "peccadilloes," such as becoming excited and striking some one who had insulted them. Apologies were demanded by the church. Lawsuits were also handled and the church settled in a dictatorial manner many things of a legal nature. One brother was thrown out of the church for betting $1 at a shooting match another for being a judge at a shooting match, another for becoming drunk, and still another for treating slaves ill. In 1816 one was expelled because he identified himself with a lottery scheme. Another brother was suspended for fraud in trading a gun and was fired bodily for second similar offense. Another brother was excluded for killing a shoat belonging to a sow which he could not prove ownership to, and several were thrown out of the religious harness for whistling on Sunday. Under this regime the church prospered and the foundation was laid for the present church in Indiana. It sent off congregations in all directions among the pioneers and put men out into the work.

OTHER DENOMINATIONS.

In this same locality, where the Baptists planted their seed, the Methodists and the Disciples of Christ (or "Christians") also formed their first organizatons in Indiana territory—the latter, however, not until after Illinois and Michigan and Wisconsin had been cut off and the present Indiana boundaries had been made the confines of a state. The Methodists erected their church in 1805 near that of the Baptists and the first Christian church was organized by a band of dissenters from the Baptists, who followed Alexander Campbell in his views. They withdrew in 1828 and formed their congregation. It came near killing the Baptist congregation, as a few over half went to the new church. For some time they held their meetings in the same building on alternate nights and Sundays, but the Christians later built a church.

All of these congregations have prospered in Indiana. The Methodists have gone to the front and have within the last year taken first place over the Catholics, with almost 200,000 communicants. The Catholics have about 175,000, the Christians come third with about 89,000 and the Baptists fourth with 54,000.

LAKE TOWNSHIP ITEMS.

Joseph Orr, who has been living upon his farm in this township for the last four or five years, will soon return to reside at Fort Wayne, his former home.

Miss Zella Wigent, teacher at No. 3, this township, will give a social the 2d of November for the purpose of raising money to purchase the Y. P. R. C. books.

Henry Rockhill will give an old-fashioned husking-bee at his home next Wednesday, Nov. 1. In the evening they will be well provided for in the way of amusement.

A very pleasant surprise party visited the home of Mr. and Mrs. Ed Happel last Wednesday evening for the purpose of reminding their daughter Rosa of her eighteenth birthday. A very enjoyable time was experienced by all.

David Felger, who is teaching No. 1, or what is commonly termed Randall school, will give a box social November 11 for the purpose of raising money to purchase the Y. P. R. C. books. All are cordially invited to be present.

The dedication of the new Catholic church at Arcola was a great affair for that church. A large crowd was present. About ten or twelve priests were present, as were quite a number of prominent Fort Wayne people. The new church, which is a fine one, was admired by all.

There was quite a wreck on the Pittsburg, Fort Wayne and Chicago railroad about a mile west of Arcola last Friday evening. No. 7, a mail train, westbound, ran into the rear of a freight which was standing on the siding, the result of which was that a number of cars were piled upon one another. Most of them were loaded with furniture and the loss was considerable.

MR. CHAPMAN IMPROVING.

Reports from the home of Solomon Chapman, in Perry township, states that Mr. Chapman is improving nicely from the severe injuries sustained in this city Saturday evening. Mr. Chapman was driving on Spy Run avenue and his buggy was struck by a street car, wrecking the carriage and throwing the driver to the ground. While his injuries are painful, he is now believed to be out of danger.

FROLIC REIGNED SUPREME

VERY GENERAL OBSERVANCE OF HALLOWE'EN.

Caledonians Celebrate in the Old-Time Way—Parties, Balls and Boyish Pranks.

Hallowe'en was duly celebrated by every one, Tuesday evening, and by no one more than the small boy. He did not care much for parties so that he got out with "de gang" and celebrated in the good old-fashioned way. He took off gates, borrowed chairs from porches where householders had been unwise enough to leave them, he ran away with wagons or buggies which had been left out and terrified nervous people by rolling stones along their porches or rigging "tick-tacks" on their windows. Nearly every member of the rising generation carried a gallon of beans or shelled corn upon his person and these he pelted against doors and windows or at people who happened to pass his way. In the west end, there was some damage done to property. Part of the fence surrounding the property owned by Charles McCulloch was taken away, and a large number of curb steps were upset and more or less damaged. A number of telegraph poles in different parts of the city were ornamented with assortments of articles in the shape of wheelbarrows, chairs, gates and other movable things. Several wagons and buggies were backed into the rivers and other pranks played, in every part of the city. In the early hours of the morning many irate householders could be seen cutting ropes with which their door handles had been tied to convenient posts, or cleaning up an assortment of ancient vegetables which had been deposited upon the premises. Many and varied were the pranks played and the police were notified many times to quell over-boisterous crowds of youngsters bent on celebrating to the best of their ability.

At dozens of homes in the city Hallowe'en gatherings were held, and old and young joined heartily in the varied frolics of the festival. At a number of the churches Hallowe'en socials were held, and still other hundreds found enjoyment in the several balls given in different sections of the city. All in all, there was pleasure for every one who was inclined to join in the merry-making.

THE CALEDONIANS.

The members of the Caledonian society celebrated Hallowe'en in the good old-fashioned Scottish way. In the legends of Scotland, Hallowe'en is the night when all the witches, kelpies and other uncanny beings hold high carnival, and it is the night when the lassies repeat the old charms and incantations to foresee what the future has in store for them. The sons and daughters of Bonnie Scotland and their descendants were in attendance in large force and they played the old Scottish games, sang the old Scottish songs and danced the old Scottish dances. The musical program rendered was excellent, and numbers were given by Misses Lulu Kunkle and Margaret Baillie, Mr. McKay, Miss Bessie Zurbaugh, Mrs. Brown, Mrs. Gray, Miss Catharine Hamilton, George Gillie, Miss Nellie Lawson and C. A. Brown, A. Cockburn and William Lawson.

Addresess were made by President John W. White and Rev. J. S. Ainslie, and George McKenzie read an original poem. In drawing the forecasts, Miss Jennie Campbell drew the thimble. Mrs. Creighton drew the ring, and will live to celebrate her golden wedding. John Gillie drew the coin and Miss Deister drew the button. The lights were turned down and the witches entered and going through their weird ceremonies, foretold what the future had in store for those present. Then followed the games and dances and finally the Scotch supper, with all the Scottish dishes. The celebration continued until late and a most enjoyable time was spent. The entertainment was given by the ladies of the society.

WEDDED ON TUESDAY.

Samuel Ambruster and Miss Florence M. Gooding, both of Maumee township, were united in marriage Tuesday afternoon. H. F. France performed the ceremony.

SOME ACTIVITIES OF WOMANKIND.

BY ANNETTE CRAWFORD.

"What will not woman, gentle woman, dare?"
—Southey.

The young women in California who are successfully filling occupations held exclusively by men in most communities are subjects of interest and discussion among the throngs of tourists who visit the Pacific coast for the winter season.

Among those who have taken up novel and unusual lines of work for women are Mrs. Olive Mason Strong, who runs a sawmill and shingle factory in the San Jacinto mountain district; Miss May Simpson, who is a deputy sheriff in San Francisco; Mrs. Mary A. Costa, who is a bank cashier at San Jose, and Miss Jennie Vincent, who is a pilot in the harbor of San Pedro.

Miss Vincent is probably the only woman steamboat pilot in the world and is a slight, blue eyed, fair haired little lady of 22 years. Some time ago she successfully passed the examination required by the board of pilotcommissioners and received the usual certificate. She now pilots Pacific coast steamers into San Pedro and San Diego harbors and expects soon to have a position in the pilot service in San Francisco bay.

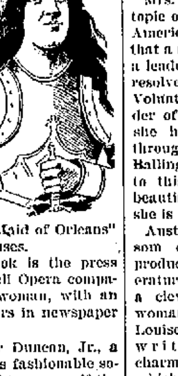

Pittsburg has the distinction of having the only woman in this country, if not in the world, who is at the head of a large steel and iron business. The woman who holds this unique position is Miss Y. R. Baumgarten.

Frau Cora von Bultzingslowen, one of the most distinguished of the delegates to the International Council of Women in London, has accomplished substantial reforms in the prison system of Germany, to which she devotes much attention.

The Pennsylvania W. C. T. U. celebrates its twenty-fifth anniversary this autumn. Among the most prominent members of the state union is Mrs. Rebecca Ballard-Chambers of Philadelphia. She is a native of Ohio and first entered reform work during the "crusade" in 1873, being herself an "original crusader," with her mother, who was secretary of the Canton Crusaders.

The Society of the American Women in London, which was formed not long ago, is already a great success and has a membership of over 100. It is founded somewhat on the lines of Sorosis of New York and is social, literary and educational in its character. Mrs. Hugh Reid Griffin is president of the society.

Miss Marion Cockrell, daughter of Senator Cockrell of Missouri, who is admired in many social circles from Washington to San Francisco for her unusual beauty and charming manner, has been invited to christen the Missouri when that battleship is launched.

The Viennese Tugendbund, or League of Purity, which is composed of chorus girls of the Imperial Opera of Vienna, has received the distinguished approval of Emperor Francis Joseph, who has ordered his opera director to promote them as fast as their abilities will warrant. Fraulein Reingruber, the president of the league, has been advanced to play the title role in "The Maid of Orleans" and is drawing big houses.

Mrs. Marion M. Cook is the press agent for the Lambardi Opera company. She is a clever woman, with an experience of five years in newspaper work.

Mrs. William Butler Duncan, Jr., a member of New York's fashionable society, is an expert yachtswoman, if the term is admissible. She was voted the bravest woman in the Newport colony because she defied the fierce storm and heavy sea and helped to sail the yacht Esperanza in its victorious race off Newport recently for the Morgan cup.

Among the veterans who attended that Grand Army encampment in Philadelphia was Mrs. Ellen E. Nash of Buffalo. She is fairly entitled to the distinction of being called a veteran and has a war record that few women can match. She enlisted with her husband in the One Hundredth regiment, New York volunteers, in 1861 as regimental nurse and served three years, sharing the hardships and privations of the regiment on the peninsula with the Army of the Potomac, being on the firing line in front of Yorktown, at Williamsburg, Seven Pines and Fair Oaks.

Mme. Loubet, wife of the president of the French republic, is described as a rather stout, gray haired woman, with a very motherly manner and a soft, gentle voice. She puts on no airs and is democratic and economical.

The largest collection of orchids in this country is owned by Mrs. George B. Wilson of Philadelphia, whose conservatories are the Mecca of horticulturists of two continents. Mrs. Wilson is now in Mexico directly overseeing the work of her agents there, who are searching for Mexican orchid wonders.

Mrs. Mary S. Knowles has taught the infant class in the St. Paul's Methodist Episcopal Sunday school at Delaware, O., continuously for 30 years.

In a recent letter on Canada in the London Times Miss Flora Shaw pointed out the great need for women homemakers in the newly settled districts, especially on the prairie-farms of the Canadian northwest. Following Miss Shaw's suggestion, it is proposed to establish in connection with experimental farms training schools or training homes for women colonists. The course of training would embrace dairy work, poultry raising, kitchen gardening, the art of cookery, laundry work, some instruction in the use of carpenters' tools, so necessary in a new country; and a course in first aid to the injured, so that the woman colonist would be qualified to treat gunshot wounds, lacerations, frostbites, burns, etc.

Senorita Mercedes Gensana, daughter of a rich Porto Rican, recently arrived in Grand Rapids as the bride of George Martin, an American soldier who had won her heart. Her husband now works in a furniture factory.

Dr. Julia Holmes Smith, recently elected dean of the National Medical college, Chicago, is the first woman to occupy this position in a coeducational medical school.

Miss Millie Eldridge, who rejoices in the honorary title of colonel and who is the officially adopted daughter of the Missouri department of the G. A. R., is a very pretty young woman of 20. Her home is in Springfield, Mo. Her father is Major J. T. Eldridge, a prominent veteran. She has also been adopted as a sister by the Missouri encampment of the Sons of Veterans and is a member of the Woman's Relief corps. She wears a colonel's uniform with the exception of the—well, she wears a skirt, and she carries a sword.

Living in a Tennessee mountain cabin has been discovered a young woman who is a natural poet and artist of rare ability. Through the influence of a Cincinnati woman she exhibited some of her work in the competition of the Chattanooga Art Students' league and won the first prize, although she had never taken a drawing lesson in her life.

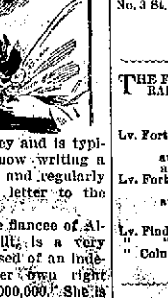

An 18-year-old California girl recently inherited $4,000,000.

Paris is just now raving over a new stage beauty, Mlle. Henriot.

Celeste Mogador, who as the Countess de Chabrillan was celebrated as the only woman of whom the Empress Eugenie was jealous, is living in poverty in Paris. The famous beauty which dazzled Napoleon faded long ago.

Mme. Yacco, known as the Japanese Ellen Terry, is passing through America on her way to the Paris exposition.

Mrs. Ballington Booth is again the topic of interest to women throughout America. The recent announcement that a millionaire woman of New York, a leader of the old Four Hundred, had resolved to donate all her money to the Volunteers and to devote the remainder of her life to the cause and that she had been persuaded to do so through the preaching of Mrs. Maude Ballington Booth calls attention again to this remarkable woman and the beautiful life of self sacrifice which she is leading.

Australia is just beginning to blossom out as a producer of literature. Already a clever young woman, Miss Louise Mack has written two charming books which have attracted no little attention. One of these is entitled "When the World Was Young." Another volume, called "Teens," describes girl life in Sydney and is typically colonial. She is now writing a story of Australian life and regularly contributes a woman's letter to the Sydney Bulletin.

Miss Elsie French, the fiancee of Alfred Gwynne Vanderbilt, is a very pretty girl of 18, possessed of an independent fortune in her own right amounting to nearly $5,000,000. She is of excellent family and in nowise objectionable as a match even for the principal heir of the enormous wealth of the Vanderbilts.

A very good substitute for macaroons: Two-thirds cup of butter, same quantity brown sugar, one cup rolled oats (raw), one cupful flour, one egg, one teaspoonful of baking powder. Mix butter and sugar and add flour, oats and egg. If too dry to roll easily, add one tablespoonful of cream. Boil very thin and bake in a hot oven.

Perchance she is a lass of wit,
But in my heart she hath no spot.
My fancy she shall never hit
Who murmureth "nit" and meaneth "not."

ADVANCED IN RANK

G. L. POTTER AND D. F. CRAWFORD PROMOTED.

FORMER GOES TO PITTSBURG

TO BE GENERAL MOTIVE POWER SUPERINTENDENT.

MR. CRAWFORD REMAINS HERE

IN CHARGE OF MOTIVE POWER OF NORTHWEST SYSTEM.

The early morning mail today brought official notices of a number of changes in the roster of the Pennsylvania company. Those who are effected directly are:

George L. Potter, appointed general superintendent of motive power of the Pennsylvania lines west of Pittsburg, with office in Pittsburg.

D. F. Crawford, superintendent of motive power of the northwestern system, with office at Fort Wayne.

A. B. Starr, assistant general superintendent of transportation of northwestern and southwestern systems, with office in Pittsburg.

C. E. McKim, superintendent of telegraph, with office at Pittsburg.

A. M. Schoyer, superintendent of the eastern division of the Pittsburg, Fort Wayne and Chicago, with office at Allegheny.

L. G. Haas, superintendent of the Erie and Ashtabula division, with office at Lawrence Junction.

H. W. Beyers, superintendent of the Columbus, Akron and Cleveland division, with office at Akron.

Some of these promotions were a surprise to all but the men who are directly interested in them. There was talk of a change of this kind several months ago and it was believed that when it did occur, Mr. Potter would be one of the beneficiaries, but it was not believed at that time that Mr. Crawford would be his successor. Heretofore the superintendent of motive power came from the ranks of master mechanic, and the present promotion is a decided innovation to the rule. However, it falls upon a most competent man and one who enjoys the good will and high esteem of every one who knows him.

The welcome that the announcement of Mr. Potter's advancement will receive from the citizens of Fort Wayne is greatly mitigated by the knowledge that the duties of his new office will necessitate his removal from the city. Mr. and Mrs. Potter are extremely popular in social and other circles and their removal from this community will be regretted by all.

Mr. Potter came here in 1882 from Renovo, Pa., where he had served an apprenticeship in the shops of the Pennsylvania. For a short time he had charge of the car department and was then made assistant master mechanic under Mr. Casanave. He was a close student and made the most of his opportunities to acquire a knowledge that served to still further advance him, and shortly after entering the mechanical department Mr. Casanave was appointed superintendent of motive power, and Mr. Potter became master mechanic of the shops at Fort Wayne, having charge of about 1,200 men. In March, 1893, Mr. Casanave was made superintendent of motive power of the lines east of Pittsburg and Mr. Potter was advanced to the position he vacated this morning.

Mr. Crawford came to Fort Wayne from Altoona, Pa., and took the position of assistant foreman of the machine shop, which had been made vacant by the transfer of Charles W. Cross to Allegheny. About that time the company began establishing its own electric plants and Mr. Crawford was assigned to this department. In the early part of the year 1895 he went to the Westinghouse works and spent six months in the electrical department, remaining during that period on the pay rolls and in the employ of the Pennsylvania company. From that time on he had practically full control of the electrical department of the lines west of Pittsburg. In the meantime his title had been changed to assistant superintendent of motive power and he has been known as such ever since August, 1895.

James T. Leary, who has served as chief clerk to Mr. Potter ever since that gentleman became the head of the department on the northwestern system, will be Mr. Potter's chief clerk in his new position and will have to take up a residence in Pittsburg. Mr. and Mrs. Leary's many friends in this city, while rejoicing in their prosperity, will regret their removal.

Mr. McKim, the new superintendent of telegraph, is a brother of Supt. J. B. McKim, of this city. He has had much experience, possesses the qualities of a first-class railway man and no doubt will render a good account of his stewardship and be duly advanced in the ranks.

NICKEL PLATE PROMOTIONS.

John Parnum, who has been clerking for Supervisor Hoyt, of the Nickel Plate, for several years and a frequent visitor in Fort Wayne, has been called to a higher position in the freight department, with headquarters in Cleveland. Dennis McCarthy, jr., son of the well known engineer, has taken a position in the office of Agent H. C. Muderwell, at the freight house. The young man was employed for awhile in the company's office at Cleveland.

PREMIER STEEL PLANT.

The Premier Steel plant, of Indianapolis, has fallen into new hands and will resume business after an idleness of six years. The plant formerly made steel beams, but a proposition to convert it into a tin plate factory is receiving favorable consideration. W. J. Carlin, of Pittsburg, a steel and iron manufacturer of national repute, is one of the largest stockholders in the new concern. He is now at Indianapolis attending a meeting of the stockholders.

CLEVELAND GETS IT.

The Fort Wayne branch of the Brotherhood of Railway Trainmen have received official notice that the headquarters of the order will be at Cleveland on and after November 20th. One of the members of the order who takes an active part in the affairs of the order, said this morning that all talk about locating in Fort Wayne was nonsense; that the proposition never once received serious thought form any of the members outside of this city.

TWO RESIGNATIONS.

John W. Irwin, a boilermaker who has been employed in the Wabash shops for a score of years, has been offered a foremanship by the Grand Trunk and will accept it. He has tendered his resignation at the Wabash shops and will soon leave for his new field of labor.

W. B. Fisher, a carpenter who came here in search of employment several weeks ago and found it in the Wabash machine shop as a helper, resigned last night. He received a letter from his old employer in Pittsburg yesterday, offering him steady work if he would return to that city and he has accepted the offer.

SHOPMAN INJURED.

At the noon hour yesterday Harry Metzner, an employe of the Pittsburg shops, started home on his wheel. As he was passing out of the shop yards he took a header and alighted upon a pile of iron, cuting his head badly. He was unable to report for duty this morning.

LAGRANGE DEPOT.

Contractor Hurtz, of Grand Rapids, was the lowest bidder on the depot that the Grand Rapids and Indiana company will build at La Grange and the contract has been awarded to him. The building will cost about $3,000. Three or four Fort Wayne contractors filed bids with the company, but their figures were not as low as those of Mr. Hurtz.

INDUSTRIAL NOTES.

E. J. Brotkamp, of the Pittsburg planing mills, is sick.

The electric works yesterday sent a dynamo to Templeton, Mass.

After a week's absence, Brakeman W. Clements has reported for duty on the Nickel Plate.

Frank Doriot, stenographer at the Pennsylvania shops, is taking in the sights at Chicago today.

Nickel Plate Engineer Thomas Ogler and Fireman D. Vreeland are off duty on account of sickness.

Foreman Joseph Slater, of the Bass blacksmith shop, is looking after the company's interests in Toledo today.

Engineer Frank Enslen, who was injured in a wreck several weeks ago, has reported for duty on the Pittsburg.

Clarence Griswald this morning took a clerical position in the Nickel Plate offices, in the Odd Fellows' block.

Messrs. J. J. Wood and F. S. Hunting left yesterday for Cincinnati in the interest of the Fort Wayne Electric company.

W. R. Wright today assumed the office of terminal trainmaster of the Louisville, Evansville and St. Louis railway, at East St. Louis.

Boilermakers Benjamin Lyttle and Edward Keefe, of the Wabash, went to Tilton this morning to repair the company's stationary boiler.

The heads of the motive power and machine departments of the Nickel Plate held their regular monthly meeting at Bellevue yesterday.

George H. B. Freeby, Wabash yard clerk, has resumed his duties after a two weeks visit with friends in Chicago and cities in that vicinity.

Christian Hoffman a local freight engineer on the Wabash, is taking a week's lay off and the vacated place is being filled by Engineer Christy.

Engineer E. H. Rogers and Fireman C. W. Arnold, of the Pittsburg, are sick and off duty. Mr. Arnold injured his back by a fall from his hayloft yesterday.

Nickel Plate engine 14 is again in service, in charge of Engineer J. A Swart and Fireman C. A. Boyte. It has been thoroughly repaired at the Stony Island shops.

James T. Connelly, who recently accepted a position with the Pullman company as dining car conductor, has been assigned to a run on the Oregon Short Line, with headquarters in Salt Lake City. His territory covers about 500 miles and Mr. Connelly is on the road almost constantly.

Henry Jones, the veteran engineer who was taken sick September 21, has completely recovered from the attack and yesterday took his old place at the throttle of a passenger train.

The Boston and Albany has placed an order for thirteen first-class passenger coaches and one combination car. The New York Central will order fifty first-class passenger coaches.

C. E. Campbell, who has charge of the elevator at the electric works, was attacked by rheumatism yesterday and is quite sorely afflicted in that way today. He will probably be unable to resume work for several days.

The Grand Rapids and Indiana company will furnish a special car for the Ben Hur people who will pay the Kendallville lodge a visit tomorrow evening. The train leaves the city at 4:25 in the afternoon and returns at midnight.

The Toledo and Ann Arbor will build another car ferry steamer during the coming winter. The company is negotiating for the use of an ice crusher to keep Sturgeon bay open so the ferries can run to Menominee all winter.

The contract between the Adams Express company and the Louisville and Nashville will, it is stated, be terminated and the company will operate an independent express over its lines. This will be a bold step, as it has never been attempted but once on an extensive scale, and that by the Erie, which failed.

Robert T. Lincoln, president of the Pullman company, says it is probable that some of the Wagner operating officials will be given recognition in the make-up of the new general department and some arrangements will be made to take care of agents of both companies. The East Buffalo works, in all probability, will be turned into repair shops exclusively.

Henry F. Reiter has been given a position as reporter of trainmen on the Pittsburg road. He had the misfortune of having one of his arms crushed between the deadwoods of two cars last February, which now keeps him out of the train service. For the short time Mr. Reiter was on the road he was considered by trainmen as a willing and trustworthy man.

The engine pits at the Nickel Plate round house are being rebuilt and a new floor is also being laid between the pits. The new outgoing engine track is down and is now being ballasted and in a few days will be opened for service. Then the Nickel Plate round house will be one of the best arranged and most accessible from any part of the yards of any in this part of the state.

The Big Four last week distributed between Shelbyville and Acton, on its Indianapolis and Cincinnati division, ten miles of new rail weighing eighty pounds to the yard. This will be placed in the tracks at once and will leave but four miles of the line between Indianapolis and Cincinnati with a lighter rail than eighty pounds to the yard. The delivery of this ten miles of rails completes the contract that President Ingalls made for rails in 1899 at $17 per ton. He tried to get the other four miles needed on the Cincinnati division at the same rate, but it was declined, and he will pay $33 a ton for rails for the Big Four in 1900.

FINES WERE PAID.

Albert McNally pleaded guilty to following his usual avocation on Sunday and Michael Hughes entered a plea of guilty to a charge of firing a gun across and along a public street in the city and Mayor Scherer fined each $1 and costs. The case against McDonald was dismissed, inasmuch as the evidence showed that he was not in his saloon.

Miss Grace Smith entertained a number of friends at a Hallowe'en party on Tuesday evening. The young ladies composing the company played Hallowe'en games and were regaled with a delicious supper.

THE CITY ATTORNEY'S OPINION

IN HAYDEN STREET MATTER WILL BE SUBMITTED

To the Board of Works at the Meeting Thursday Evening—City Hall News.

The matter of opening Hayden street may be determined at the meeting of the board of public works tomorrow evening. The board has been awaiting an opinion from City Attorney Shambaugh and Mr. Shambaugh has prepared his opinion and will submit it to the board at the regular meeting Thursday evening. He would not talk of his opinion until it is submitted to the board, but it is safe to guess that it does not exactly coincide with that of the attorneys for either the railway or the Hayden street petitioners, and will determine finally just what the board can legally do with the petition.

LEWIS STREET IS DONE.

Contractor Fleming finished the Lewis street pavement Tuesday and in the afternoon the work was gone over and measured by Chairman Eggemann, Engineer Randall, Mr. Fleming and Deputy Engineer McKendry. The pavement is one of the best ever laid in the city and all the property owners have expressed themselves as satisfied with it. Assessment rolls are now being prepared.

FILED AN AFFIDAVIT.

Health Officer Broecking this morning filed an affidavit against Dairyman Albro, who a few days ago refused to allow the health department to take a sample of milk from his wagon for inspection. Mayor Scherer will probably hear the evidence in the case Thursday morning.

CINCHING A STREET.

Members of the board of public works have learned that the scales of the Lake Shore railway are being moved so that they will be right in the line of Fourth street. The scales are now located a few feet from the south line of the street and would not be in the way when the thoroughfare is opened. The change in the location of the scales will cause more trouble for the board of public works in their efforts to open the street, but one of the members tells The Sentinel that it will not deter them from proceeding with the work. City Attorney Shambaugh advised the board that nothing could be done to prevent the company from placing the scales there, but will offer one more argument why the street should not be opened. The company will contend that it means the destruction of valuable property and the result will be that new legal questions will be raised.

NOTES.

The police and firemen today received their regular monthly pay. The park and street forces were paid Tuesday.

Comptroller Berghoff is signing up the refunding bonds which are to be delivered on November 15.

The demand for vehicle tags has ceased and less than a dozen have been issued in a week. Dr. Rauch's case, which is to be a test of the ordinance, has not been set for trial in the circuit court.

A party of the friends of Dr. and Mrs. Stutz surprised them at their home, Tuesday evening, to remind them of the doctor's birthday and also of the fact that it was Hallowe'en. The party assembled at the home of Mr. and Mrs. Dick Meyer and proceeded to the house. Dr. and Mrs. Stutz were being entertained at the home of Mr. and Mrs. John Heller, who were also "in the game." The doctor was summoned to his home by telephone, to attend someone who had met with an accident, and when he got there he found twenty or thirty "patients" whose injuries were done up in indescribable bandages. The rest of the party then came, and a most sociable evening was spent. A lunch was served, and a palmist read the hands of all the guests present. Among those of the party whose birthdays are on the 31st are Mrs. John Heller and Mrs. Harry Quicksell.

NOTES OF THE DAY.

The imports of Africa amounted during the past year to $400,000,000, of which $18,000,000 was furnished by the United States. The experts for the same time were $350,000,000, of which the United States took $10,000,000.

An expert has risen to explain that stage fright really comes from a disordered stomach. He argues from this that persons meditating public appearance should be careful of their diet and adhere to regular habits.

One of the novel features of the immense shipbuilding establishment, the creation of which has begun at Camden, N. J., will be roofs to the ways, thus allowing a continuation of the work on a ship in stormy weather.

Lord Wolseley, during one of his campaigns, grew so anxious at the depletion of his force by sickness that by constantly studying the roll call he came to know all the soldiers' names long before the campaign was over.

When the Russian government recently took over the entire supervision of the drink traffic priests all over the country proceeded to consecrate breweries, distilleries public houses, barrels, decanters and tumblers.

Pekin has a tower in which is hung a huge bell cast in the fifteenth century, and another tower containing a huge drum, which is intended to be beaten in case a great danger should threaten the city. No one is allowed to enter these towers.

Master Herbert Fee entertained the members of the R. C. K. club at his home, Tuesday evening. Hallowe'en games were played and the young guests were served with refreshments.

Is a great improvement over the mode of traveling of twenty years ago. The ready-to-wear Overcoat of today is equally as great an improvement over the Overcoat of even ten years ago. Then it was an ill-fitting, no style garment. Men who dressed correctly would not wear them. It is quite different now. Nothing has improved so in the last ten years as ready-to-wear Clothing without any advance in price. To illustrate this you should see our elegant rough-faced Overcoats, $15.00 to $25.00, stylishly cut; finest workmanship, best of linings. We guarantee to fit you. Men who are particular about their personal appearance, who dress correctly and in good taste, and who formerly were the custom tailors' patrons, are now ours. They demand faultless fitting garments. We fit them. The tailor used to fit them. He could do no more. And the saving is from 33 1-3 to 50 per cent.

The very popular Covert Overcoats, with velvet collars, we show at $8.50 to $15.00, and they are the best values in the city. A most magnificent line of those very stylish striped Worsted Suits, by far the largest stock in the city.

THE WEATHER.

Chicago, Nov. 1.—Forecast for Indiana—Fair in southern, probably threatening in northern portion tonight and Thursday; continued cool; brisk to high northerly winds.

LOCAL LINES.

Born, to Mr. and Mrs. Chris. Amen, of Fairfield avenue, a baby daughter.

Mrs. Ruth Savio, of Baker street, is confined to her home with a severe attack of erysipelas.

W. H. Crampton, of Lockport, N. Y., is in Fort Wayne for a few days in the interests of the Knights Templar.

Miss Alice Fisher was removed to her home in Decatur on Tuesday. The young lady is suffering from typhoid fever.

Mr. and Mrs. William Therrill and daughters, Rosalie and Myrtle, of Indianapolis, have arrived in the city. They will reside here permanently.

Rev. James S. Ainslie gives an address this evening at Plymouth church with special reference to the communion service of next Sunday morning. At both these services the entire membership of the church is requested to be present.

Miss Ethel Bittinger is quite sick at her home, 193 Lafayette street.

Miss Lillian Ehle, of Stophlet street, gave a very delightful Hallowe'en party Tuesday evening. Music and games were features of the evening.

The Misses Esther and Dessie Kelley pleasantly entertained their friends by giving an attic party Tuesday evening. Fortune telling and games were the features of the evening. In the games prizes were won by Miss Martha Hitzman and Frank Heffelfinger.

The R. F. C. club began celebrating Hallowe'en by a balloon ascension. After the balloon began sailing through the air the members ran out to get it when it again came down. On their arrival at the club house they were greatly surprised by a number of their friends who had come to help them celebrate. After music and games, a mysterious fortune teller and palmist held sway and told them many wonderful things, while a ghost appeared with a jack-o'-lantern. A great time was enjoyed by all.

Edward's Camp, No. 3127, Modern Woodmen of America, gave a most enjoyable smoker in their hall Tuesday evening. Neighbors J. M. Robinson and John Usselman were the hosts of the evening, and addresses were made by Mr. Robinson and other members of the lodge. One new candidate was admitted to membership and five new applications were received and passed upon. There were about fifty members in attendance. An entertainment will be given by the members of this lodge on Nov. 24, in their hall.

Herman Heuer entertained the Crescent Mandolin club last evening at his home on Force street.

Editor J. D. Sarnighausen, of the Staats-Zeitung, quietly observed his eighty-first birthday anniversary on Tuesday.

Mrs. J. H. Lake, of Rome City, is the guest of her daughter, Mrs. W. P. Denny, and family, of West DeWald street.

The ladies of the R. R. Y. M. C. A. will hold their regular meeting November 2, at 2:30 p. m., in the reading rooms of the association.

The pastor wants to see a large attendance at the Wayne street Methodist Episcopal church prayer meeting this evening. Services promptly at 7:30.

W. H. Crampton, state organizer for the Royal Templars of Temperance, is in the city and will remain for a period of some weeks in the interest of the order.

The ladies of the Women's Foreign Missionary society of the Berry street M. E. church will be entertained at the home of Mrs. C. S. Ridenour, of 163 Lafayette street, on Thursday afternoon from 3 to 5 o'clock.

The Epworth League of the Wayne street M. E. church gave a Hallowe'en entertainment in the parlors of the church on Tuesday evening. The attendance was large and refreshments were served during the evening.

Miss Bessie Colerick entertained charmingly at a Hallowe'en party at her home last evening, and about twenty of her young friends participated in the pleasures of the evening. The residence was prettily decorated and the guests enjoyed a program of dances.

In the case of Carrie D. Longacre vs. the M. W. Fay Warehouse company, the court finds in conclusion of law that the deed of conveyance and agreement together constitute a mortgage, and the possession of real estate is given to the defendant. Will Minde represents Mr. Fay.

There was no end of fun at the home of Mr. and Mrs. Will Conover Tuesday evening. They were the victims of a pleasant surprise. After the close of the Hallowe'en social at the Baptist church about twenty-five of the young people spent the remainder of the evening at their home. Old-fashioned games were played, a delicious luncheon was served and all enjoyed the occasion most thoroughly.

COY—MILLER.

Miss Dora B. Miller and John A. Coy were united in marriage Tuesday afternoon at the home of the bride's parents, Mr. and Mrs. John S. Miller. The ceremony was performed by Rev. Dr. Parr in the presence of the immediate relatives of the couple. Mr. and Mrs. Coy left on a wedding trip to Toledo and Detroit and on their return will be at home to friends at 198 West Creighton avenue.

NINTH ANNIVERSARY.

A FAMILY GATHERING.

The family meeting at the home of the venerable Mrs. Sarah Fairfield, near the south end of Broadway, on Sunday, was a novel gathering. All her children, with the exception of one met at her home for the first time in nearly forty years. Those present were Charles W. Fairfield, Willard A. Fairfield, Edward B Fairfield and Olive A. Edwards, with members of their families. Mrs. Mary E. Davis, who lives at Chehalis, Wash., was the only absent child. Another guest was John F. Browning, a cousin of Mrs. Fairfield. His home was formerly near Fort Wayne, but for a number of years he has been a resident of Chehalis, Wash., and is now here on a visit. E. B. Fairfield has been here on a visit, but is now returning to his home at Butte, Mont., where he has resided over thirty years, and Mrs Edwards has for thirty-five years lived at Anaconda, Mont. Their father died just one year ago, and all regret that this meeting could not have been held during his lifetime. But it was a great comfort for the aged mother, who is now in her 85th year, and is yet hale and hearty.
